What kind of ridiculous mess...

Oh man.

So I know I say this in dissenting opinion, as many on my friends list are partial to this book, but I could not stand it. So before I go off on my tirade, I must explain. You may be thinking to yourself why I gave it two stars and not one, if Iâ€™m complaining so much. Let me explain that two is pretty low on my scale. Two is â€œwhy did I buy this.â€• Or read this. Or whatever. One star is dramatic. One is â€œthis should not have been written,â€• which I have given o

What kind of ridiculous mess...

Oh man.

So I know I say this in dissenting opinion, as many on my friends list are partial to this book, but I could not stand it. So before I go off on my tirade, I must explain. You may be thinking to yourself why I gave it two stars and not one, if Iâ€™m complaining so much. Let me explain that two is pretty low on my scale. Two is â€œwhy did I buy this.â€• Or read this. Or whatever. One star is dramatic. One is â€œthis should not have been written,â€• which I have given out as you may know. But no, I donâ€™t believe that of Divergent. Roth has an interesting concept. It had potential. But itâ€™s the execution of the idea that was just awful to me.

I felt like I could

what the author was thinking. Regardless of whether or not this is true, this is what I felt the author was saying to me through my copy of Divergent (minorish, and a few obvious spoilers to follow, major spoiler hidden under cut, youâ€™ve been warned):

Iâ€™ve read that she did write it in a month. Whether itâ€™s true or not, I'd certainly believe it in a heartbeat. The whole thing is rushed and justâ€¦completely nonsensical and full of trope after trope. It seemed to me that there was little effort put into analyzing the world and zero research done for it, which is a reminder to any of us who are writers to always have a

for something, and not just because it â€œsounds cool.â€• This book is a treasure trove of COOL PEOPLE tropes and activities. Which doesnâ€™t seem to work on me as I really canâ€™t stand that breed of thrill-seeking people whoâ€™d rather risk their life doing stupid shit instead ofâ€¦ you know, not. So what is supposed to be super awesomely cool people just, to me, looked like a band of idiots.

Heh. I'm torn now. I eyerolled so much while reading this book that I may have permanently damaged at least some of my cranial nerves. And yet I read it in one sitting, annoyingly and inexplicably entertained. Go figure.

It's yet another young adult dystopia based on a stupid premise. Seriously, it's plainly ridiculous. If I had to compare it to something equally ridiculous it'd have to be the notion of sparkly vampires. I'm not kidding. Just list

Heh. I'm torn now. I eyerolled so much while reading this book that I may have permanently damaged at least some of my cranial nerves. And yet I read it in one sitting, annoyingly and inexplicably entertained. Go figure.

It's yet another young adult dystopia based on a stupid premise. Seriously, it's plainly ridiculous. If I had to compare it to something equally ridiculous it'd have to be the notion of sparkly vampires. I'm not kidding. Just listen to this:

How ridiculous is it? Well, it's a dystopian Chicago where, in an attempt to battle the evils of this world people came up with a BRILLIANT idea to segregate into five "factions", each of one is based on ONE quality that is supposed to be the uber-defining feature of them. Therefore we have the brave, the selfless, the smart, the truthful, and the kind.Â¹ Except some people can be more than one of those - the Divergent.

First of all, how exactly will our society ever get to the point where such thing becomes plausible?

They have an option to switch factions after being raised in one; so basically it's okay to internalize the principles of more than one of them. How will that not make them 'Divergent'? So there's that, and the sheer impossibility of a person to live only within the rigid frames of one of the factions' principles.

No wonder this world does not work well. Duh. I mean, how well does complete segregation work to create peace instead of creating new lines of division of "Us vs. Them"??? Clearly complete segregation would do wonders to solve the violence-causing issues in the world. History showed us many examples of that. And I cannot believe that up until this point in that universe nobody questioned the validity of this structure.

Well, duh. Did it take centuries to come to this conclusion?

As seen on

We all know why

was written. There is no doubt 99% of dystopias published during the last year or so have been trying to at least partially replicate the success of

trilogy. Public wants to read more dystopian stories, publishers want to sell them, authors want to write them. Everyone is happy.

I have read a few new dystopias recently and liked or disliked them to various degrees. There are dystopias for any taste, dystopias that emphasize separate aspect

There comes a time in every average, misunderstood, flat chested, never-been-kissed, pre-war heroin, sixteen year old girl's life when she must decide between right and wrong.

Yes. RIGHT and WRONG.

Not Harry and Sam. Or Harry and Mike. Or, frak help us, Harry, Sam AND Mike. No no. In Divergent, Good, Evil and Tris are our love triangle. How utterly refreshing.

Now, donâ€™t get me wrong. You will find your standard amount of PG-rated teen romance in this book. Check it:

Oh, eh... Wrong book. My bad.
