What people Say:

Heidi Miller

"No soul remembered is ever truly gone."

P.S. Mom, I'm still waiting for the phone to ring!

Kristin

Interesting premise but was let down by the lack of emotional connection I typically feel when reading a Mitch Albom book. Was more of a mystery book than an emotional/inspirational book.

Petra Eggs

I know that to some people religion is the basis of life and why they are 'here'. I think religion is indeed 'the opiate of the masses', it exists so people don't have to face up to the consequences of their own actions. They can blame it on fate, some old guy up in the sky, or lots of people up in the sky, or the one down below in the pit, or the ones with lots of arms or blue heads or two faces or or or... there are so many gods to choose from and everyone who believes in one or more of them i

I know that to some people religion is the basis of life and why they are 'here'. I think religion is indeed 'the opiate of the masses', it exists so people don't have to face up to the consequences of their own actions. They can blame it on fate, some old guy up in the sky, or lots of people up in the sky, or the one down below in the pit, or the ones with lots of arms or blue heads or two faces or or or... there are so many gods to choose from and everyone who believes in one or more of them is convinced that they are right and everyone else's gods just plain don't even exist.

But when we start saying that the Christian God actually gets on the telephone.... well, I'm sorry my credibility has been stretched wayyyyy too far. But I'm laughing. What I want to know is if you don't hear the call, do you get a text saying you have a missing call from God?

In five thousand years, if we are still here on Earth, people will look back to these religions we presently have as we do to the ones of Egypt and Greece. Wonderful, strange, exotic, not based in a present reality... I'm just in advance of the times!

So ready to love this! Mitch Albom's books truly are life-changing and incredibly inspiring; I love each and every one of them.

Just realized the release date reads: eleven / twelve / thirteen.

edit on Dec 12th, 2013

I am truly, madly, deeply sorry, but this book landed itself onto my list of disappointing books of 2013. In addition to this year's

,

, and

, know that it is with a heavy heart that I sadly rank

among t

A nice, thought provoking little story which is interesting whether you believe in Heaven or whether you do not. Not that the author provides any great solutions as you are left at the end with as many facts as you have at the beginning.

The most interesting part to me was what happened to the world at large as people began to receive phone calls from loved ones who had passed on. At first it seems a good thing. Who wouldn't like to hear from a loved partner or child who has died, especially when

A nice, thought provoking little story which is interesting whether you believe in Heaven or whether you do not. Not that the author provides any great solutions as you are left at the end with as many facts as you have at the beginning.

The most interesting part to me was what happened to the world at large as people began to receive phone calls from loved ones who had passed on. At first it seems a good thing. Who wouldn't like to hear from a loved partner or child who has died, especially when the message is that there is a life after death. However people of course react the way people do with jealousy and unkindness - and then there is the media.....

I enjoyed it all. There were some great characters like Sully and there were some life changing

moments as a direct result of all the fuss. Not a major book, but a nice one and, for me, a very pleasant reading experience.
