I'm happy to report that the author has promised that from here on out she will focus solely on this series until completion. She hopes to release a book every few months so that it will be finished in our life time. The series is broken up as follows: Books 1-5 â€œmeet and sparks flyâ€• Books 6-10 â€œtons of crazy shit happening nowâ€•, and books 11-15 â€œall the resolutions youâ€™re cravingâ€™.

If you think the baby daddy will be revealed and/or that Lindsay has given birth the answer is NO. Linds

If you think the baby daddy will be revealed and/or that Lindsay has given birth the answer is NO. Lindsay the groupie, is still pregnant. This has been the longest pregnancy in book historyâ€! four long years!

This is Owenâ€™s second book of the series in which he is kind of conned into taking full care of Lindsay. Sheâ€™s not dumb she knows heâ€™s got the biggest heart out of all the guys and yet truly isn't certain that Owen is the father. Even though things with Caitlyn seem to be going well he moves Lindsay in and introduces her to his motherâ€!

Well of course you can for see all the trouble this will pose for Owen as Lindsay seems to have started nesting. Owen's mother is thrilled at the grandma idea even though Owen warns that he may not be the father.

Caitlyn has made a sexual fantasy list and her and Owen begin marking stuff off and become closer. Owen is her rebound guy after her divorce yet they do seem to have something more between them.

The story does go backwards because we have read a few of the otherâ€™s band memberâ€™s second book and thus this does follow that time frame. There are two pretty shocking events that occur at the end of this book one involving Shade and the other Kellan. Luckily for fans, Kellanâ€™s second book is coming next in the series.

Owen has been my favorite guy in this series and I was excited to read his second story. He's so sweet, funny, crazy sexy, and I just love him. I confess that I definitely ship him with Kellen more than Caitlyn. And I'm glad Olivia explained the three arcs in this series because the whole pregnancy thing seems never ending. The thing to keep in mind, and it takes some thinking..-s the time lines and how they are somewhat concurrent with previous books. Owen's book ends with some serious emotiona

Thrill Me is Owen and Caitlyn's story or is it Owen and Lindsey's story? Either way I loved it. Talk about relationships and complications Owen's relationships come with more complications than any one man should have. I loved Owen and Caitlyn's storyline because the chemistry these two had was off the charts and along with all of that chemistry were actual feelings. Lindsey's connection with Owen seemed to be with Owen feeling responsibility to take care of

Lindsey's connection with Owen seemed to be with Owen feeling responsibility to take care of someone who needed help just like he was taught from his parents. That is the "good boy" Owen but the "bad boy" Owen gave some of the sexiest, dirtiest loving to Caitlyn.

With all of the women trouble Owen was trying to sort out his band was falling apart before his very eyes. With so much drama within the band at in his love life you wouldn't think things could get any worse until it gets much, much worse.

I received this ARC from NetGalley for a freely given and honest review.

Seriously the drama never ends for this band and poor Owen seems to be the cover man for the night that could change everything for the band. Getting to see Owen at his home was a treat and made me fall harder for the quiet member of the band. We also get to learn about what has shaped Caitlyn into the strong woman she is and let's not forget what a horrible ex-husband she had. I wanted to kick that slimeball in the nuts when he showed up unannounced to her house.

I really want to get my hands on

I really want to get my hands on the next set of books in the series as the way things are left at the end with Jacob on the news leaves a horrible taste in my mouth!!

I normally don't complain about publication dates but I really wish these books were released closer together. I do not mind reading a series where it continues from one book to the next but I'm starting to dislike this style of overlapping everyone's books. Perhaps if they were published faster but there has been one long ass night. Owen is a sucker. Lindsey has wormed her way in and she's not leaving anytime soon. Right when Caitlyn realizes she has feelings he's over there with his mom touchin

Perhaps if they were published faster but there has been one long ass night. Owen is a sucker. Lindsey has wormed her way in and she's not leaving anytime soon. Right when Caitlyn realizes she has feelings he's over there with his mom touching the baby tummy. As a big time band why haven't they contacted their lawyer and all went to take a paternity test. I'm hoping her friend that was with her comes back to bust her for lying. If it's anybody's baby from that evening I hope it's Tex. What happens on the bus doesn't always stay on the bus cheating bastard! Even though Owen was not with Lindsey I didn't like him thinking about her in a sexual way. I disliked the club scene. I guess I'm a prude and feel like that's cheating whether the guys on board or not. I guess I can't separate sex and feelings. Kelly and Owen?? So did Kelly semi cheat on Dawn by kissing and perhaps fantasizing about Owen. Hopefully I don't have to wait forever to find out. Maybe I'll get lucky and they'll all come out a month apart.
