4.5 daisy up your ass stars.

Really enjoyed this one.

First off, the cover for this book is totally off-putting. This not at all how I imagine Drew to look like.

Second off, I usually avoid NA books. Why? Well I am a 48 year old mother of a son who just started university. Don't want to be reading about that age group. But I do dip in, now and again, especially if I see some trustworthy friends have enjoyed - J\*, Alexandra, Lana, being the case here.

I know some had issues with Anna - not me. Takes

is one of those books that has been on my TBR for FOREVER! All my friends loved it, and here I am, picking it up well over a year after it's release. This, my friends, is a fail moment for me. I seem to be having a lot of those in the book world. Too many books and not enough time I say. My point- if you are a NA fan and are in the same boat as me, READ THIS BOOK! It was swoony, sweet, and sexy. Everything I love in a romance.

is one of those books that has been on my TBR for FOREVER! All my friends loved it, and here I am, picking it up well over a year after it's release. This, my friends, is a fail moment for me. I seem to be having a lot of those in the book world. Too many books and not enough time I say. My point- if you are a NA fan and are in the same boat as me, READ THIS BOOK! It was swoony, sweet, and sexy. Everything I love in a romance.

Anna Jones is a dedicated college student and the last thing on her mind is a relationship. When Drew Baylor, the hottest guy on campus and star quarterback, starts showing her attention, she doesn't know what to think. Anna is different than any girl Drew's met and he's enamored with her from the start. I love their relationship. How it starts as just a hook up (because that's all Anna is willing to give) and turns into so much more (due to Drew's unwillingness to back down and declare he wants more from her).

Drew and Anna have crazy hot chemistry. But their relationship is so much more than that. I loved the tension between them, the push and pull and their banter. Both Drew and Anna were great characters. Drew is super charismatic and you can't help but to love him. He's not your typical man-whore athlete. He has a big heart and is truly a great guy. Anna is a bit feisty and snarky and she is the way she is because of how she grew up. I loved seeing Drew tear down her hurdles. I loved that they were both there for one another when they needed each other.

Besides Anna and Drew, I loved Drew's friend Gray. I know he has a book, too and here's hoping I don't wait for forever to read it! Anna and Drew's love story wasn't easy. The path wasn't always clear and things were bumpy at times, but aren't the best love stories always a little rough at first? It just makes the ending that much sweeter!

is one of the better NA books I've read this year. It gets 4.5 stars from me and I highly recommend it to readers of this genre!

## **Lana & Dirty Girl Romance**

If you're looking for your next NA Romance that's guaranteed to make you swoon, make you sweat, and make you smile, then you have definitely found your next read. Kristen Callihan is a new to me author, but will now be gracing my auto-buy shelf because she weaved a story that technically should have been 'been

If you're looking for your next NA Romance that's guaranteed to make you swoon, make you sweat, and make you smile, then you have definitely found your next read. Kristen Callihan is a new to me author, but will now be gracing my auto-buy shelf because she weaved a story that technically should have been 'been there, read that', yet managed to suck me in so thoroughly that I couldn't bring myself to put it down.

Now if you're a half-assed blurb reader and occasionally make assumptions like me, you probably read this:

and just assumed that this was referring to another man-whoring hero as opposed to the heroine. No? That was just me then? Well...this is awkward. But I digress...

Anna just wants to finish college and figure out what she wants to do with her life. She's not looking for a relationship, and she tends to have a type...of the poetic and emo variety. So when the school's football golden child and resident playboy starts sending her the lusty eyes, she wants none of it...or so she tells herself.

Star quarterback, and the hot commodity on campus that can have any girl he wants without even trying...except Anna. Inexplicably drawn to the prickly redhead, Drew finds himself tongue tied and blushing whenever their cross path, and it certainly doesn't help that Anna never spares any feelings

to cut him down at the knees. He's not her type, he gets it, he just can't seem to stay away from her.

But chemistry like the one they have, can only be denied for so long, and when something burns that hot it's bound to explode eventually, right?

What first begins as a scorching hot hookup, soon begins to develop into something so much more, something that Anna is not ready to face.

The author did an amazing job building a sexual and emotional tension and chemistry that is so palpable you can almost taste it. It's not often when I'll pick up a book where the MCs are going at it pretty much straight away, but that sexual tension continues to not only remain but build between them. The writing was that good.

Drew was such an endearing character, I fell for him straight off the bat. He wasn't perfect, and he wasn't at all what he seemed. He was not the asshole playboy that Anna assumes he was, he's sweet and charming and at times his emotional struggles never failed to pull at every heart string I had.

I was rereading this one to prepare myself for Glamour Gray and got a little ashamed that I haven't written my review earlier because, clearly, I forgot how freaking amazing it was. It was even better the second time around. I knew I highlighted the shit out of this one the first time and I was surprised to highlight even more while rereading.

No need to say about a plot here because there are so many wonderful reviews out there so I'll just stick to what I loved about it.

For realz, Ultimate. Fantasy. Boyfriend.

Oh yes, he was a popular, hot jock, but a smart one to that. He not only succeeded on the football field but was also a good student. He had his goals and life planned and strived to make it happen. Once he had his sight on Anna, he didn't give up, he was patient in getting what he wanted. When Anna was guarded, he unnoticeably staked his claim. What I liked the most is the fact that he wasn't whoring around. Did I mention that he was a sexy beast? Oh yes, he was and such a dirty dirty talker, YUM! Absolutely swoon and drool worthy.

She was such a likeable heroine, every girl's best friend material for sure. She was sassy, witty,

smart and sweet-natured. Curvy, red hair girl, who used to be invisible, didn't believe that a guy like Drew would choose a girl like her. She had insecurities and let them rule for a while, she even pushed Drew away because of them. She wasn't annoying though, when she finally got her shit together, she fought for Drew and helped him through rough times, she was there for him when he needed her most.

Now, there was insta lust here, but it worked so perfectly. There was such a great chemistry between those two, you could literally feel sparks flying.

They had fantastic banter going on, there was so much humor and warmth in their interactions. Not to mention that the sex was off the charts hot and steamy. They slowly, but consequently moved their relationship to next levels. Apart, they were both lacking something, but together, they were so strong and perfect, so intense. That fighting scene at the end, so epic! And that first kiss, OMG that first kiss!

I can honestly say it is one of my top books ever! If you're into college sport romances with sassy heroines and amazeballs heros you can't miss this one. The writing was refreshing and outstanding, a real gem amongst NA books. I was simply amazed, stunning job

, keep this up and you have yourself a new admirer/stalker.
