What people Say:

Aestas Book Blog

Really good college romance! I have to admit, I still loved The Deal better (it had more of a "spark" to it), but this was a fun read too.

Review to come :)

Christy

This series is 100% NA greatness! It's got everything you would want in an NA read. It's funny, sexy, sweet and the characters are not at all annoying which seems like a rarity in most NA books anymore. Elle Kennedy really excels at writing these college/hockey books.

. No

Elle Kennedy simply rocked my world! In February, I had the immense pleasure to read The Deal â€“ absolutely cute and sexy new adult read that made me smile for days â€“ and now, barely few months later, I am on cloud nine once again. Why? Because, well, Elleâ€™s won over my heart for the second time! Sheâ€™s just that good.

I admit, I was a l

Earlier this year, I read and ADORED book 1 in this series

. It was everything I could ever ask for in a NA romance â€“ fun, entertaining, and truly a breath of fresh air with likable main characters, witty banter that had me grinning from ear to ear, and a believable romance that wasnâ€™t just hinged on a heroine having big boobs or a reformed playboy hero like so many NA books today. Not only did I fall in love with the story and characters, I also found in Elle Kennedy a new autho

Earlier this year, I read and ADORED book 1 in this series

. It was everything I could ever ask for in a NA romance â€“ fun, entertaining, and truly a breath of fresh air with likable main characters, witty banter that had me grinning from ear to ear, and a believable romance that wasnâ€™t just hinged on a heroine having big boobs or a reformed playboy hero like so many NA books today. Not only did I fall in love with the story and characters, I also found in Elle Kennedy a new author to book stalk and whose writing was so fresh and engaging I couldnâ€™t wait to read more from her, especially this second book in this series. Thus, I really sad, disappointed, and quite frankly, a tad bit annoyed that I didnâ€™t love or even like The Mistake much because believe me, I wanted to love it badly.

One of the biggest issues I had with this book was the way the author portrayed college life and the character stupidity that resulted because of such a shallow, inaccurate, and offensive portrayal.

I donâ€™t know why I feel so offended by this motto but I do. I think itâ€™s the standard for NA books to have characters with this kind of mentality who treat college like itâ€™s a huge joke. As a college student myself, I donâ€™t find this to be true one bit. Maybe this kind of setting is present for some schools but itâ€™s not a majority and I wish authors would stop portraying colleges like itâ€™s a hotspot for orgies and guys are nothing more than manwhores and girls sluts. Aside from Hannah and Garrett (from book 1) the guys in this book â€“ including Logan â€“ have getting laid at the top of their to do lists and all the girls canâ€™t help but want to get nailed and desperately want to lose their virginity, like the heroine Grace for an example (this is literally the first thought of hers I read).

The first couple chapters of this book consisted of Logan moaning over Hannah, him nailing girls, Grace stuttering and wondering if sheâ€™ll ever lose her virginity and somehow this is supposed to be considered normal and just pure entertainment value because I mean, itâ€™s college right? *insert sarcasm* And if youâ€™re wondering if colleges in the US are all like the way theyâ€™re portrayed in NA books (especially in this book), the answer is NO! I wonâ€™t hide that book 1 also touched on this kind of setting, but at least in that book the author didnâ€™t allow her main characters to fall victim to that kind of mentality unlike Logan and Grace here.

To build up on this aspect, the characters also made some really dumb and unbelievable choices that made me scratch my head and go huh. Logan and Grace officially meet in one of the cheesiest ways â€“ him accidentally stumbling upon the wrong dorm room and happens to find her room instead (hmmm okayâ€!). Theyâ€™re strangers at this point (except Grace has only been fangirling about him for so long and canâ€™t wait to tell her best friend about him ugh) and youâ€™d think

that since they don't know anything about each other they'd chit-chat and that'd be the start of a potential relationship right? Instead, Grace "who knows absolutely nothing about Logan except that he's HOT" invites him into her dorm and further invites him to watch a movie. And then they proceed to mess around. I'm sorry, but that's something I find hard to accept considering they are complete STRANGERS at this point and have next to zero interaction.

These problems I mentioned above are all issues for me because of my inability to separate fiction from reality and how easily I'm able to compare & contrast the story setting along with the character age so these things may very well not be issues for anyone else. But for me, these were kinks and hindered me from liking the book from the start.

As the story progressed, I found myself relaxing a bit more as the humor, wit, and golden dialogues I know this author is capable of writing appeared and for a while I enjoyed the story. I liked that even though Logan was pining after his best friend's girl, he was upfront about it, knew it was wrong, and definitely didn't act on the attraction. His dedication and love for hockey along with his commitment to his family were admirable qualities and even made me feel for him. And when he made the biggest mistake of his life romance-wise, I liked that he didn't crumble away and throw his hands up and say whatever. He fought for his girl and got his act together.

So EFFIN good!!!

In all honesty, college life hasn't changed since I was in it. The parties, drama, school work are all still part of it.

I love the college drama because it brings back memories. :)

Okay, here is quick 2 sentence sum up of this book: One evening Logan ends up at the wrong apartment where he meets Grace. A

is made that leads to Logan trying to woo his way back into her good g
