{ARC Generously Provided by Author}

is the third installment in the

by Lauren Layne but it can be read as a standalone. I have to say this series gets better with each installment and it is definitely shaping up to be my favorite of all of this author's works. This one is by far, the best in this truly delectable and addictive series. I've been lucky in that lately my reads have all been five-star worthy and yet again I've given a broken Hero who completely stole my heart. After the story ends the author explains how at first she had a different Heroine in mind and I do think if she had gone with her initial choice, this would have been a good book but her decision to go in a different direction with the female lead, ended up making this a PHENOMENAL read instead!!!

We begin with everyone gearing up for the wedding between Alex Cassidy and Emma Sinclair. Lincoln Mathis is the sex columnist at Oxford and he's also the best man. Daisy Sinclair is Emma's twin sister and has flown in from Charlotte, NC, to be the maid-of-honor. Lincoln is warned by Emma to keep his hands off her sister and Daisy is also warned to beware of the utterly gorgeous Lincoln and his playboy ways. But these two feel an instant connection between them. It's as if they can see past each other's facades as if they have a deep-rooted kinship. Both Daisy and Lincoln have become pros at hiding their sadness and pain from their close friends and family. The night of the wedding they skip out together and end up sharing one too many drinks and some really good conversation. Daisy quickly sees that Lincoln isn't a player at all and that he's skilled in the art of deflecting the advances of women. She finds it odd but can tell there's some deep rooted pain he keeps buried and seeing as how she too has her secrets, Daisy never pushes Lincoln to share more than he's ready to give.

Daisy and Lincoln form a fast and easy friendship and very early on he lets her in on his secret that he has kept from all of his close friends. This has got to be the first book out of both the Stiletto and Oxford series that had such depth and unbelievable heartbreak. I'm not going to give away either the Hero or Heroine's secret but will admit that I could not stop the tears from flowing and

Lincoln Mathis is my favorite of all of Lauren Layne's heroes. My heart was completely tied up in that man.

I enjoyed having all of the characters from the Stiletto and Oxford series back again and there's no need to worry if you haven't read them yet as the author does summarize who everyone is and how they're all connected.

This was a total pleasure for me to read and one of the things I loved was that the hero wasn't the stereotypical "Playboy". He loved his pink fruity cocktails and adored his tiny little Maltese pup named Kiwi. I was expecting Lincoln to be the typical sexy player who had an endless supply of women who kept his bed warm at night and it was completely refreshing when he turned out to be the antithesis of what his outward appearance displayed.

Wendy's Thoughts

Lincoln Mathis captured our imagination from the moment he was mentioned in the first books. He was that type of guy who was charming, mischievous, playful and down right sex on a stick. We only had an itty bit of a tease of him but it was just enough to pique our interest...With the encouragement from a close friend, Ms. Layne saw what needed to be done...and after all this begging and pleading, we have his entire story.

Lincoln has worked hard to front his reputation...he is the man about town and all women see him as the ultimate goal... to be on his arm is an achievement. That he has the ability to have all women who come in contact with him remain friendly "after".... shows his grace. His friends at Oxford and Stiletto are always teasing him about who he should hit on next...and Lincoln just smiles, laughs and plays along. He enjoys ribbing the guys about how they are dropping like flies... all finding their special someone...and it is at the wedding of another co-worker where he finally meets his "Like".

Daisy Sinclair is the twin of Emma. Emma from Stiletto has loved her twin all her life...but for Emma, the draw of the big city was so strong, she left their southern home as soon as she could for New York City. The rest is history. Which meant, Daisy continued to be close with her sister...but from afar...and her sister's life was fast paced and all about her career...so they remained close...but not like when they were kids.... sharing every little thing.

Daisy didn't share her doubts about her marriage...Daisy didn't let her family know the real reasons for the divorce. She let them all think the reason was his cheating on her and knocking up the woman happily, even her best friend. It was better that way...Easier.

Now both of these people have been warned...Lincoln was read the riot act to leave Daisy alone... to stay clear and not unleash his panty dropping charm. Daisy was not to be another castaway...She

was also told by Emma...to watch out and have her radar on...to combat any interest in Lincoln...She was told clearly... He is not for you.

The stage was set...and the wedding rehearsal dinner/get together is happening and there as Lincoln is talking with another, Daisy enters the room. As casually as he can, he sees this vision...and realizes who it is... She looks similar to her twin... but then nothing like her at all....and when Daisy comes up to Lincoln...both get a glimpse of something no one ever notices...

That stark moment when the vulnerable, the authentic is laid bare...just before the friendly, approachable mask is put in place...sealing off all the pain and secrets hiding within.

Both Daisy and Lincoln have shared a true moment...As they talk about how they have been warned away from each other, little nuggets of awareness are exchanged...done with a life of their own...and both know each is just like the other...

Like Recognizing Like...

This book is like no other Layne in her past series...There is the same fun and banter, the same interest and sharing of the past characters...But with this entry...there is a deeper feel of what the goals are for its outcome. The life lessons are equally important from all the others books we have experienced in the past...yet these lessons may be harder to accomplish in real life like they are in this book. We may not agree with the path all of these characters take...but in reality, would they be any easier...

Claire Robinson

5 -

Stars!

I think it's safe to say that

is probably one of the most anticipated reads of 2016 for a lot of people, and I think Lauren Layne made it worth the wait with the story she gave Lincoln Mathis.

This is one of those books, that as a reviewer I want to gush wholeheartedly about, but there isn't a huge amount I can actually say about the plot and characters without giving a massive amount away, and I definitely think this is a book y

This is one of those books, that as a reviewer I want to gush wholeheartedly about, but there isn't a huge amount I can actually say about the plot and characters without giving a massive amount away, and I definitely think this is a book you need to go in without any pre-conceptions as to what is going to happen, because for me that was half the joy of finally getting Lincoln's story.

. I love Lauren Layne, love love love her so I had insanely high expectations for this and that is not always good because sometimes books do not reach said expectations. Well, this was not the case. Lincoln's story was everything I expected it to be! Thank you LL because you are simply a genius!

is the third installment in the

series and it can be considered the last regarding this series and the

books too (even though Lauren is writing a fourth spin-off

novel).
