I am lowering the stars because I dislike Castillo's art, and don't give a damn about her Caldecott Honor, and because this is nice, but no "instant picture book classic." The writer of the jacket copy may wish so, but that doesn't make it so. Nor does the fact that the author has written some good children's novels make her instantly a great picture book artist. This might be a great bedtime story for an older preschooler, but text is too long and doesn't have the sort of impact required in a bedtime story for a toddler or younger preschooler. Repetition can work, but there is nothing lyrical about this prose that makes it worth repeating.

There are lots and lots and LOTS of better choices out there already.

Beth

A wonderful bedtime story. Lauren Castillo's illustrations are perfection.

Story: 5 stars

Art: 5 stars

Bedtime picture book with a cozy feel. Story is cumulative, with additional elements that are outside the serial sentence. Lots of whole family interaction. It's nice to see the dad included as an integral part of the family. Lauren Castillo's illustrations are lovely, especially the last few page spreads. Effective use of the darkness to depict nighttime, which is difficult to render well in a picture book.

Susie

I really like the way the illustrations just seem to jump off the page; there is something different about them. I could see this book as a nighttime ritual. The inclusion of the dog makes another layer of cuteness.

Donalyn

Perfect night time read aloud with tender illustrations.
