Haley Cooke has been missing for one month. Her boyfriend, Jordan dropped her off at cheerleading practice and she hasn't been seen since. She walked into the school to get changed for practice but never came out....

How do you walk into a school and disappear without ANYONE seeing?

The book opens as Linda Warner is searching her daughter's bedroom. She wants to see if she can find something the police might have missed. Linda still clings to the hope that her daughter is out there somewhere. Every day she goes to the police station for an update, she talks to news people to keep Haley's name and face in the news, uses social media to help reach as many people as she possibly can.

### Chelsea Humphrey

Once again, I put on my big girl panties and picked up a book in the middle of a series I hadn't read before. Geez Louise; talk about nerves!

The Profiler series had come highly recommended though so it really wasn't my fault that I had to read this, right? Lucky for me there was a concise letter in the front of the book filling me in

on what I missed before that was pertinent to this book, which wasn't much. These books can basically be read as stand-alones, but if you pick one up

Once again, I put on my big girl panties and picked up a book in the middle of a series I'd not read before. Geez Louise; talk about nerves!

The Profiler series had come highly recommended though so it really wasn't my fault that I had to read this, right? Lucky for me there was a concise letter in the front of the book filling me in on what I missed before that was pertinent to this book, which wasn't much. These books can basically be read as stand-alones, but if you pick one up you'll gladly go back and purchase the previous 3 (or was that just me?).

It was everything you could want in a crime thriller and then some; I simply couldn't put this book down and was very thankful my husband was in town to help with all the adulting necessary on a regular basis so that I could greedily devour it.

Our story opens with an explosion of thrilling suspense and holds tight to that level of excitement until the final page. I cannot begin to explain the level of intensity in this book; the details are exceptional without being boring, Evelyn Blaine is a female lead that I fell in love with instantly, and the complexity of the plot kept me fully engaged without being confusing. We are lead in all types of zig-zag patterns while trying to figure out the who and why; plot twists are constant here and very well done. The characters were deep, flawed, and easily rooted for. There were quite a few times that I found myself sitting straight up on the edge of my bed, tense and gritting my teeth, just trying to force myself to keep breathing and turn another page. It was THAT good. If you are into the FBI profiler type thrillers with mystery and suspense galore, this one's for you. I can't emphasize enough how much I loved Evelyn Blaine and her intelligent, hard core ways; she's someone I'd want fighting in my corner if I found myself in a shady situation.

After finishing

, I found myself excited to have found a new favorite series and desperately needing more from our characters, so I immediately went back and bought the previous 3 books on my kindle. I can't wait to fill in the details of what I missed and see how it might have affected my reading of this one had I chosen to do so in the proper order. Highly

recommended to my hard core thriller fans!

## Judy Collins

Talented thriller author,

returns with her highly anticipated

following

(The Profiler, #1),

(The Profiler, #2),

(The Profiler#2.5),

(The Profiler #3), to her latest:

(The Profiler #4) FBI profiler Evelyn Baine returns, as we delve into the innermost connections of deep secrets of the victim as well as the heroine's past.

A teenage girl

## Elizabeth of Silver's Reviews

STALKED had many layers and many secrets, and most of them were deadly.

Kidnappings, disappearances, questionable police officers, accidents involving the police involved in the case, human trafficking, and barely a clue about anything or any connection that could be found.

STALKED was an intense but very good read.

STALKED focused on the investigation of a teenager who disappeared and led to many other issues and many suspects along with the questions of why and how.

The writing style of Ms. Heiter

STALKED had many layers and many secrets, and most of them were deadly.

Kidnappings, disappearances, questionable police officers, accidents involving the police involved in the case, human trafficking, and barely a clue about anything or any connection that could be found.

STALKED was an intense but very good read.

STALKED focused on the investigation of a teenager who disappeared and led to many other issues and many suspects along with the questions of why and how.

The writing style of Ms. Heiter is smooth, detailed, and makes the story come alive and seem real.
