## What people Say:

### Lola Reviewer

I cannot bring myself to read past page one hundred.

You know, I think I'm just not a fan of this author's young adult novels, because I did try to read "When" as well, a couple of months ago, and had to put it aside for similar reasons.

It's just not very mature. The characters have this way too young voice that feels contrived more than anything else.

Oh and the insta-love. I don't know anyone who likes insta-love, so it's probably not a surprise for me to say that I prefer my books without it

It's just not very mature. The characters have this way too young voice that feels contrived more than anything else.

Oh and the insta-love. I don't know anyone who likes insta-love, so it's probably not a surprise for me to say that I prefer my books without it, but they don't usually do more than annoy me.

But the insta-love in this made me cringe so, so, so much! Oh, why did I not highlight quotes?? There's a scene in which the heroine sees her love interest and she is afraid to kiss him because she never has kissed any boy before and is afraid she'll do it wrong.

And what does the boy confess about? THE SAME EXACT THING SHE WAS THINKING. And then the heroine is like, "oh the irony." Boy was that not only eye-roll-worthy but also uncomfortable to read because of how fake it sounded!

### Celeste\_pewter

I was cruising along, completely ready to give this book four or five stars for sheer entertainment value, when I got to the last 10% of the book.

And that's when the book killed it for me. Want to know why?

I was cruising along, completely ready to give this book four or five stars for sheer entertainment value, when I got to the last 10% of the book.

And that's when the book killed it for me. Want to know why?

Avoid, avoid, avoid.

## **Jennifer**

Was not expecting it to end that way. Definitely a good mystery as I did not guess correctly.

## Jen

Wasn't really feeling this and then read a spoiler and ... I don't think so.

## Amber

Victoria Laurie is probably my favorite author. I wait impatiently for new books to be released every year and get them as soon as I can. Her books just do it for me. With that being said this one did too. Maybe it's her writing style or just the fact that anything she writes completely interests me. It took me a bit to finish only because I am a busy mom. I could have easily devoured this in a day but am glad I spread it out. Now I have a less wait time for the next book she releases. Anyway th

With that being said this one did too. Maybe it's her writing style or just the fact that anything she writes completely interests me. It took me a bit to finish only because I am a busy mom. I could have easily devoured this in a day but am glad I spread it out. Now I have a less wait time for the next book she releases. Anyway this book won't be for everyone and that's ok. I enjoyed it though and think she did a great job. I was kept interested and I liked the characters.
