This is a dark and atmospheric gothic novel full of thrills and horror. It takes in the supernatural, ghosts, horror, evil and a house bursting with secrets. Alice Collier is seriously depressed and she has good reason, her marriage is at an end and she has suffered the unspeakable loss of her daughter. She relocates to 378 Collarmill Road, Crawbeck, Manchester, a place where she was once happy. She is hoping to be able to start putting her life back together again. This is not going to happen,

This is a dark and atmospheric gothic novel full of thrills and horror. It takes in the supernatural, ghosts, horror, evil and a house bursting with secrets. Alice Collier is seriously depressed and she has good reason, her marriage is at an end and she has suffered the unspeakable loss of her daughter. She relocates to 378 Collarmill Road, Crawbeck, Manchester, a place where she was once happy. She is hoping to be able to start putting her life back together again. This is not going to happen, Alice is about to find her life turned upside down.

The house is strange and eerie, full of sounds, mythical beasts and the ghosts of children. There is an underlying air of menace and danger. John Revell is an ex-boyfriend of Alice who finds himself having to step up and help Alice. They delve into the murky and tragic history and folklore of the house. There are colourful locals who are brimful of information and stories. There are a number of mysteries, madness, and evil, supernatural and otherwise. The house apparently stands between worlds and battles are going to have to be fought.

This is a spooky and gripping tale which pulls out all the stops to unsettle the reader. It is a well written story with multiple threads and great characters. This is a perfect read for those in search of scary thrills and spills. The author has plotted the story impeccably to maximise suspense and tension. A wonderful read which I recommend. Thanks to Rebellion for an ARC.

Bob Milne

This was a decent, old school horror novel, complete with supernatural scares and creepy kids. It was genuinely unsettling at times, and that's exactly what I look for in a horror novel. I loved the depth of background behind Alice's house and mystery of the town surrounding it. Not all of the supporting characters worked for me - sometimes the small town quiriness felt forced - but they played their roles well.

Most importantly, the villain here was genuinely evil and suitably menacing. There w

This was a decent, old school horror novel, complete with supernatural scares and creepy kids. It was genuinely unsettling at times, and that's exactly what I look for in a horror novel. I loved the depth of background behind Alice's house and mystery of the town surrounding it. Not all of the supporting characters worked for me - sometimes the small town quiriness felt forced - but they played their roles well.

Most importantly, the villain here was genuinely evil and suitably menacing. There weren't a lot of surprises surrounding him (horror fans will find the story predictable at times), but I will admit that the

ending pulled a few twists that I didn't see coming. Complex and creepy, this is definitely worth a read.

Bandit

This actually turned out to be a perfect Halloweeny read. Well done Netgalley for putting this one up right on time. Strongly reminiscent of the horror I used to love...British, well written, with strong character development and backstories and local legends and creepy real estate, this book had so much to enjoy, even if its heroine was occasionally not the most likeable. Anyway, she's had a lot to deal with, death of a child, dissolution of marriage, move. No one checks up the historical detail

This actually turned out to be a perfect Halloweeny read. Well done Netgalley for putting this one up right on time. Strongly reminiscent of the horror I used to love...British, well written, with strong character development and backstories and local legends and creepy real estate, this book had so much to enjoy, even if its heroine was occasionally not the most likeable. Anyway, she's had a lot to deal with, death of a child, dissolution of marriage, move. No one checks up the historical details of their homes much as is, especially when purchasing under mental duress. So when the new abode starts violently haunting its new victim/tenant with eerie kids and mythical creatures...who're you gonna call? Why, a conveniently local ghost hunting ex boyfriend, of course. Together they uncover the bleak and tragic past of 378 Collarmill Road, partially through reading a long recorded confession of one of its temporary residents from the past, partially through a more hands on research. Question is can they set things right. And can they do in in a few days around October 31st. Although this description may come across as flippant, the book actually and impressively isn't, Bestwick has given it a lot of substance with the character drama and so on, elevating it to a practically literary horror level. All the more power to him, all the more enjoyment to the readers. Recommended, particularly for genre fans or anyone in the mood for some pumpkin day fun.

Steven

First - thanks to Netgalley and the publisher for providing me a copy in exchange for an honest review.

I'm not entirely sure where to start on this one. It was a decent story, with some great characters and a nice creepy vibe all the way through. I think I just didn't like how convoluted it got. It was trying to tie so many mythologies into the explanation, and it never really did a great job explaining how the creepy supernatural weirdness actually caused what it did. The children were strictly

First - thanks to Netgalley and the publisher for providing me a copy in exchange for an honest review.

I'm not entirely sure where to start on this one. It was a decent story, with some great characters and a nice creepy vibe all the way through. I think I just didn't like how convoluted it got. It was trying to tie so many mythologies into the explanation, and it never really did a great job explaining how the creepy supernatural weirdness actually caused what it did. The children were strictly there to be part of the horror vibe, and the resolution with that part of the story was very lackluster and unfulfilling. The big twist about the villain wasn't really hard to see coming -- I had considered it from the very beginning, really.

I just felt like it needed a lot more polish, another run-through on the plot to focus on removing/clarifying places it got too convoluted to be entertaining, and a little more depth to the story and reveals and explanations.

It was a decent tale overall, and I enjoyed it, so three stars for "liked but nowhere near loved."
