The introduction of Pray A to Z is one of the best I've read in a long time. There was a clear purpose and mission set forth in the making of this book.

Amelia begins the preface by writing that one morning around 2:00 AM she was awoken by her phone alarm, buzzing and beeping uncontrollably. It was an Amber Alert. Two children had been abducted. Her heart choked with fear, she lay back down and spent those early hours of the morning praying assiduously for the two children. By the time dawn came around and she was rolling out of bed, the kids had been found and were in safe custody, 1,100 miles away.

She, along with several of her friends, realized that their anxious prayers had been answered. That prayer had power. And we too often fail to initiate that power and allow it to flow through us. We permit our inadequacies to undermine the gateway we have to the Father, through prayer.

How many times has someone asked you to pray for them? You, no doubt, obliged. But the question is "when was the last time you poured your heart out for that person, for your community, for the needs around you?"

A pastor once explained it to me this way. Often, when we pray for someone, we are tempted to say "God, heal Bill. Help Maggie. Renew so-and-so's faith." No. That's not it. That's not what it's supposed to be.

When we pray, we are to pray fervently. The pastor put to us that we are to pray for that neighbor across the street who has cancer like they are our child, our parent, that we would pray for that individual as if they were the dearest person in our life. Because to God, they are.

God is not moved by passionless prayer. God is touched when we ask for his heart for someone, and pray like they are everything to us. Because to God, they are.

And instead of lifting someone up as one of many on our long list of prayer requests, we have a duty to treat each name, each person, like the eternal soul they ought to be valued as. This is what it means to pray.

Profound in its simplicity, this book is an invaluable tool to keep us in conversation with God, and to keep the needs of others at the forefront of our minds. Prayer is hard. We don't know what we are to be praying or we get distracted or we even forget to pray altogether. Rhodes has provided a practical guide to help us pray for our communities and their specific needs.

She shares her own story of being awakened by an Amber Alert alarm on her phone. "If only an audible alarm could jolt us out of our spiritual slumber every day and call us to prayerful action for our community," she writes. A thought came to her. Instead of having one long prayer list,

She shares her own story of being awakened by an Amber Alert alarm on her phone. "If only an audible alarm could jolt us out of our spiritual slumber every day and call us to prayerful action for our community," she writes. A thought came to her. Instead of having one long prayer list, what if she prayed by topic. The idea of praying A to Z was born.

Rhodes found herself praying for more people with more concerns than ever before. She was praying deeply, intensely and with purpose.

She has compiled topics for prayer for each letter of the alphabet. Within each letter are three subjects for prayers of petition and then two topics for prayers of praise. A Scripture verse and a few prompting ideas are given and then a written prayer. The written prayer is not designed to be the end but only a springboard to additional praying.

I really appreciate this format. I want to pray for my community but never know what to pray for or how to pray. This book is a wealth of ideas and reminders. For example, under the letter C are suggestions to pray for those battling cancer, involved in court cases, and those who are caregivers. I know people in each of those categories and can now purposefully pray for them. I am also reminded to praise God for being Creator and Comforter. Every letter has great topics associated with them. For L I would pray for lawmakers, law enforcement, and those experiencing lack of medical care. I would also praise God for being light and love. On another day I'll be praying for teachers, those facing temptations, and those suffering from trafficking. I will also praise God for His trustworthiness and for truth.

This book can be used individually or in a group. I've been using it by praying one letter each day. That takes me well through the month, perhaps leaving off Sundays for other types of prayer. I have found myself praying for people and community situations I have long neglected. I don't get bored praying the same list over and over. Each day brings to mind new situations and people in need of prayer.

I highly recommend this book. It is not a book on how to pray, although she does give some suggestions if books for that. It is a great book that will inspire you to pray for your community in a systematic way.

I received a complimentary galley of this book through Litfuse. My comments are an independent and honest review.

per letter, making it easily accessible no matter how you choose to incorporate it into your life. Petition (asking) topics range from adoption to grieving to infertility to ugly thoughts and even to trafficking and homelessness and incarceration. Each letter also includes praise topics which focus mostly on names of God, such as Burden-Bearer, Keeper of my Soul, and Prince of Peace. These all “petitions and praises” start with a related Bible verse then move to some guided prayer prompts and end with an example prayer. My only real complaint is that the praise topics don’t come first in each letter’s section, but that is minor in the overall scheme of things.

Bottom Line: Pray A to Z makes a nice addition to anyone’s spiritual arsenal and, considering the time of year we’re in, would be a great gift for new believers and prayer warriors alike. Use it in your personal prayer time or as a family or small group or all of the above! The aesthetics of the book are so well done, too. Worthy Inspired Publishers do such a fantastic job with cover design and little touches inside and out that make their books special to own. Pray A to Z isn’t meant to be a book of prayers that you recite mindlessly, but as a stepping stone to deepen your prayer life and cover your community in grace. The possibilities are endless!
