What people Say:

Stacey is Sassy

I LOVED

. This type of book is why I love reading and became devoted to historical romance. Historical romance was my first love. I have been known to hook up with contemporary, paranormal/fantasy and suspense but you can't beat your first love. Historical romance is where my heart lays. The strong but troubled aristocrat, the feisty and quirky heroine and a love story that melts your heart and leaves you with a giddy smile.

introduces us to Hamish MacHugh, the newly appointed Duke of Murdoch. Almost immediately, I had a soft spot for Hamish. It's obvious that he's devoted to his family and puts their needs ahead of his own. Hamish, his brother Colin and sisters Edana and Rhona are in London for the girls to acquire new dresses. While his siblings are happy enough visiting London, Hamish is not. He's not interested in social gatherings and especially not with his fellow officers from the war. Not surprising considering they had all dubbed him the

.
As the story goes on we learn that not everything is as it seems in regards to Hamish. The stories from the war don't seem to tell the full story. Being the type of man Hamish is, he's not overly concerned with what the gossips say in regards to his services to his country. He

concerned about his reputation affecting his sisters' chances at finding a suitable match. This concern leads him to do the one thing he tried to avoid: being social. Luckily for Hamish, he meets a bespectacled young lady who doesn't seem to mind that he's socially awkward.

Megan Windham is trapped. She's in the unfortunate position of being blackmailed by a despicable man, Sir Fletcher. Sir Fletcher/Despicable is in need of funds and kept some very risqu  letters Megan had written to him while he was overseas fighting in the war. Megan, at the time, thought she was in love with Sir Despicable but in truth, it ended up being a foolish infatuation.

Megan's a Windham, the granddaughter of a Duke and has a sizable dowry. When all of Sir

Despicable's other fortune hunting endeavours go sour, he resorts to blackmailing Megan to clear his debts. Megan doesn't want to marry Sir Despicable but she also doesn't want to have to share her shame with her Windham family, especially her cousins. Hopefully, she can get herself out of this situation and if a certain Duke offers his services, she may just take him up on his offer.

Elizabeth

Grace Burrowes writes from the heart--with warmth, humor, and a generous dash of sensuality, her stories are unputdownable! If you're not reading Grace Burrowes you're missing the very best in today's Regency Romance!

Oh dear, I hope this years HR will get better.... at least those I read.... O_o

I was frustrated with this book. In the first half there's a lot of running around, a lot of people talking, scheming, nothing happened.

Or, better, I could discern that there's this guy, odious and unctuous, who wanted to force Megan to marry him. But it was not clear why she just didn't slap him or gave him a cut direct...

I understood, after years of reading HR, that Dukes and Duchesses had very much power and could

Or, better, I could discern that there's this guy, odious and unctuous, who wanted to force Megan to marry him. But it was not clear why she just didn't slap him or gave him a cut direct...

I understood, after years of reading HR, that Dukes and Duchesses had very much power and could make or unmake a person just like this...

So it was unclear to me here how could anybody treat Hamish, the war hero (tarnished, but still...), the Duke like dirt.... Mah... maybe I got it wrong... *shrug*

I couldn't also understand why Megan didn't want her family to help her. Why didn't she told them that Fletcher were blackmailing her... she didn't have to tell them exactly why, just that he was doing it!

Men with impeccable manners and pretty words donâ€™t impress Megan Windham. Sheâ€™s found out the hard way that a snake can be under all those social niceties. Thatâ€™s why Megan isnâ€™t turned off by Hamish MacHughâ€™s lack of them. Instead, Megan finds herself drawn to the unrefined, but genuine man, but does it matter when another schemes and plots to take her freedom away?

Hamish has a fierce reputation, nick-named the "Duke of Murder" by gossipers, but he's braving the London social season for his younger sisters. For some reason Megan isn't scared off by his reputation. She has no problem providing practical advice on fitting in, and Hamish relishes the extra one on one time they spend together.

Hamish and Megan came into each other's lives at the right time, for both need a bit of rescuing. Megan's problems, thanks to the scumbag Sir Fletcher, were more worrisome. Sir Fletcher, while handsome and perfectly mannered from outward appearances, made my skin crawl! Thankfully, Megan has many in her corner, and now the "Duke of Murder" on her side. Their relationship is definitely beneficial on both sides, for Hamish struggles with guilt from his experiences in war. Megan's understanding and perspective help him push those feelings aside, and their shared confidences build trust, affection, and love between them. Plenty of feelings fueled the attraction that they initially felt into an all-consuming fire!

Watching Megan and Hamish fall for each other while trying to overcome Sir Fletcher's schemes completely sucked me in, and the 368 pages just flew by. I appreciated that neither fell solely because of looks. Yes, they both were physically attracted to each other, but it was what was underneath that really bonded them.

is the start of a spinoff series to Grace Burrowes's Windham series, but I enjoyed this story without reading the previous books. There are a lot of characters from the previous series, Megan's relations, that show up and I'm sure fans will appreciate their appearances. I look forward to Colin MacHugh's story next in Too Scot to Handle!
