Luca Vesteâ€™s has written his fourth in the Murphy â€œ Rossi series, Then She Was Gone, which is more evidence of why he is one the crime writers of the moment. Veste uses all his knowledge of

Liverpool, Wirral and the rest of Merseyside alongside his academic insight on criminology and psychology.

What he delivers is a twisted, psychological thriller, with gritty reality, a touch of scouse humour, which makes this a truly disturbing and intelligent read. Murphy and Rossi are characters that are developing and showing the true meaning of partnership in investigations especially when they are faced with a descent in to the darkest corners of the human psyche.

Tim Johnson has had to move back in to Liverpool from the Wirral to aid the development of his daughter Molly and keep her away from his partner. While taking her a walk, he is attacked and Molly is missing, and the problem is nobody believes he ever had a daughter. He cannot work out who or why Molly is gone and when the Police think he is making things up as nobody thinks he ever had a child. But when the blood of a Polish woman is found all over his former home he is arrested for murder. He is in prison protesting his innocence, while he wants the world to find Molly his daughter, who nobody ever believes existed.

Sam Byrne is on course to be elected as a Tory MP for Liverpool, the first one in a generation, in a by-election, he is on course to rise to the top. When he has not been seen for a few days the alarm is raised and for some reason Murphy and Rossi, from the Major Crimes Unit are called in to investigate, due to Byrne's father being a former MP.

With nothing to go on, they have to discover the life, public and private, of Sam Byrne and what they discover a trail that lead back to another life he had at University and someone who is hell bent on revenge. When more bodies turn up they are up against the time to find the truth, discover what is historically significant to the present.

With more twists and turns than a rollercoaster we see the partnership of Murphy and Rossi tested to the limit, with the backdrop being the ever changing City of Liverpool. With Mama Rossi's food often making an appearance reminding us that Liverpool has always welcomed immigrants and those with a need to fit in.

Lee

This is another great book from Luca Veste, an excellent crime novel. This story has it all revenge, deceit, many twists and turns and so much more. Sam Bryne is about to be elected as a Tory MP but then suddenly disappears. Detectives Murphy and Rossi are given the case to investigate but is Sam Byrne really who they think he is and what has he been hiding? Bodies are now piling up and the detective's are pushed to the limit to solve this case. I thought the relationship between Murphy and Ross

Detectives Murphy and Rossi are given the case to investigate but is Sam Byrne really who they think he is and what has he been hiding? Bodies are now piling up and the detective's are pushed to the limit to solve this case. I thought the relationship between Murphy and Rossi worked really well, they compliment each other and both want answers to this case. Great writing and totally engrossing story, a very enjoyable read.

Christine

Truly truly excellent. Luca Veste takes it all to a whole new level in "Then She Was Gone"™.

The latest case for Murphy and Rossi involves a missing politician, a stolen child, a whole heap of serious bloody revenge and a plot that just blew me away. Local wannabe Tory MP Sam Bryne should be campaigning. One day he vanishes. Where is he? What secrets did Sam hide? Tim is protecting his baby, from his ex partner. He is attacked and his infant is stolen. However the police are not convinced that the

Truly truly excellent. Luca Veste takes it all to a whole new level in "Then She Was Gone"™.

The latest case for Murphy and Rossi involves a missing politician, a stolen child, a whole heap of serious bloody revenge and a plot that just blew me away. Local wannabe Tory MP Sam Bryne should be campaigning. One day he vanishes. Where is he? What secrets did Sam hide? Tim is protecting his baby, from his ex partner. He is attacked and his infant is stolen. However the police are not convinced that the baby or his ex partner ever existed. He is arrested for murder, when blood is found.

I don't want to give much more away about the gritty plot. It is so very up to date and highly believable. Totally awesome! Let's just say that Luca Veste uses a recent political scandal and its history beautifully to inspire him. You will know what I mean, when you read it. Veste's sharp observations are a joy, with his delightful prose. Whereas Bloodstream was all about relationships and lies, this one focuses on hidden lives and the abuses of the wealthy over-privileged.

Even if you have not read any of the others in this series, I urge you to get your hand on this one! It is dark, insightful and perceptive. I will be cheering Veste on for more Murphy and Rossi. A five star read. Recommended.

Dave

Tim Johnson took his baby daughter out for a walk and she never made it home. Johnson claims he was assaulted and the girl was snatched. The police see a different crime, with Johnson their only suspect.

A year later, Sam Bryne is on course to be elected as one of the youngest MPs in Westminster. He's tipped for the very top ... until he vanishes.

Detectives Murphy and Rossi are tasked with discovering what has happened to the popular politician - and in doing so, they unearth a trail that stretches

A year later, Sam Bryne is on course to be elected as one of the youngest MPs in Westminster. He's tipped for the very top ... until he vanishes.

Detectives Murphy and Rossi are tasked with discovering what has happened to the popular politician - and in doing so, they unearth a trail that stretches into the past, and crimes that someone is hell-bent on avenging.

Wow, Luca Veste. This story has me so intrigued and interested. It may have taken me 4 days to

read it but, time prevails. This is some serious and intelligent work of crime fiction writing.

I was initially focusing on the daughter missing and the circumstances that occurred. This threw me initially, but as the story progressed, I got the answer...and it's worth waiting for. Detective Murthy and Rossi's relationship has really gelled. They have been together for years, and the trust is second to none. With shock and horror, Rossi becomes not a suspect, but some involvement. Not directly, but there is a conflict of interest.

It's all a bit of higher power. Family, money, status and a model of a perfect person, or society, maybe a group at University. Some horrors happen within this group and somebody is not happy, they want revenge, whatever the circumstances.

This is the best work I've read from, Luca Veste. I think the characters have become so more gelled, and involved, which makes this novel one of the best. A more mature feel to the book. The family involvement and Rossi's relationship do come under scrutiny. It's not her fault, but some surprises. You do feel for her. She has done nothing wrong.
