I loved everything about this story and could have identified Jen as the author even if I hadn't seen her name on the cover.

Finding Margo is fresh. It's filled with Jen's laugh-out-loud humor. It has a quirky feel to it and blends together several elements â€” a cold-case child abduction, mystery, romance, a touch of the Amish/Mennonite community, and witty dialogue. Margo and Brock are unique, very appealing characters with hidden depth, and their sweet romance is well balanced with the suspense elements. And then there's the duck, which delivers one of the most delightful animal themes I've ever come across.

I appreciated the spiritual theme that we are more than the expectations family and culture might put upon us â€” and that God never leaves or stops loving us, but is always working to fulfill His plans and purposes for our lives.

An epilogue beautifully sets up book #2, to be released in fall of 2017. Not to wish the passing of time, but I'm eager for this!

Highly recommended.

I was provided a free copy of this book through Celebrate Lit. The opinions expressed in this review are entirely my own.

Amish screwball romantic suspense... Jen Turano had just created a new genre! Turano brings her trademark flamboyant prose, quirky characters, and zany misadventures out of the Gilded Age and into contemporary romance, and the result is

, a wonderfully entertaining and heartfelt joyride in an Amish buggy. I loved this story and can't wait for the next one! My full review and critique will be posted on Fiction 411 closer to the release date.

Jen Turano's books always make me smile because they're so pleasantly quirky. I also have been known to hug them close in great delight. Finding Margo, her first published foray into the contemporary genre, is no exception.

If you're a fan of her historical novels (if you aren't, you should be), you will find yourself in familiar hands despite the shift in genre. In Jen Turano's trademark style, an adorable little duck steals every scene she's in and a simple getaway becomes anything but simple.

If you're a fan of her historical novels (if you aren't, you should be), you will find yourself in familiar hands despite the shift in genre. In Jen Turano's trademark style, an adorable little duck steals every scene she's in and a simple getaway becomes anything but simple. Even the feel of the dialogue is reminiscent of her historicals, something which might not be everyone's cup of hot chocolate but which I thought fit well with the quirky nature of the book.

Knowing the "surprise twist" from the beginning, to me, gave Finding Margo deeper meaning and kept my mind whirring throughout as I tried to solve the whys and hows and whos. It took the predictability factor out of the equation so I could focus more on the intricacies of the mystery—something which this armchair detective LOVES. Plus, the additional mystery of Brock's sister added more intrigue to an already intriguing set of circumstances.

Besides the duck, I love Margo and Brock. Margo is sweet and tenderhearted, despite her upbringing. She's also rather quirky herself in a completely endearing way. Brock is hunky (of course) and protective, but he's also got a great sense of humor which comes in handy especially when dealing with Margo's mother. (Lord, have mercy, but if any character ever needed a good purse whomping, Margo's mother does.) While this isn't a "grab the fans and fainting couches" type of romance, the relationship between Brock and Margo will make your heart smile for sure. Especially in the last couple of chapters!!

Umm—and that ending?? Is it Fall 2017 yet? Because I need the next book, like, NOW. Please.

Bottom Line: A different twist on Amish suspense, as only Jen Turano can write, Finding Margo will make you laugh—and hold your breath—and want to purse whomp some people—and may even make you a bit teary eyed. But Finding Margo is more than a quirky, fun romantic suspense novel. And therein lies the deeper meaning of this delightful book—"WE are more than who we were born to, how we were raised, or who we are expected to be. While there is certainly a little bit of each of those influences that shapes our hearts, the real treasure of Finding Margo is the truth that resting in God's love for us is the key to finding who we truly are.

If Jen Turano wrote a dishwasher manual, I think I would not only enjoy it, but it would also hold me captive.

Honestly, I never got swept up in the Amish fiction craze when the genre became popular- it's just not my thing and each time someone told me about an Amish novel they had read, each one sounded pretty cliché- but I believe Jen can add a unique spin to any genre or "typical plot", and "cliché" isn't in her authors' vocabulary.

"Finding Margo" is correspondingly a comedy and a suspense. A

If Jen Turano wrote a dishwasher manual, I think I would not only enjoy it, but it would also hold me captive.

Honestly, I never got swept up in the Amish fiction craze when the genre became popular- it's just not my thing and each time someone told me about an Amish novel they had read, each one sounded pretty cliché- but I believe Jen can add a unique spin to any genre or "typical plot", and "cliché" isn't in her authors' vocabulary.

"Finding Margo" is correspondingly a comedy and a suspense. Add a tasteful dash of heart and romance and you have a perfect recipe for an intriguing and heartwarming story that puts emphasis on the importance of family.

There were some aspects of the whole mystery business that I would catch on to pretty quickly and think- "I have this all figured out" -beware such cocky thinking! My lesson was learned as in the end I was still surprised and amazed by how everything came together!

As true with Turanos' other works, "Finding Margo" has a great cast of characters! A spunky and quirky heroine with more heart than first meets the eye, an impressive hero who is the perfect gentlemen, their families, their matchmakers, the stylist, the villains (some obvious, some not-so obvious) and, of course, the faithful feathered friend.

Give them each a crazy past, drop them in the middle of a brilliant plot- which puts them all in the middle of nowhere (this particular "middle-of-nowhere" being an Amish community)- pour some blonde hair dye over it, and call it a work of art.

You don't want to miss this!

Rachel

Jen Turano has taken a very bold step and is releasing her very first contemporary novel (all her

books up to this point have been set in the Gilded Age). I am always nervous when an author switches genres, however, I feel that Jen made the transition very well. This book has a very different feel from her other books, which should be expected considering the setting. Yet Jen's classic style is embedded into every word.

Jen Turano has taken a very bold step and is releasing her very first contemporary novel (all her books up to this point have been set in the Gilded Age). I am always nervous when an author switches genres, however, I feel that Jen made the transition very well. This book has a very different feel from her other books, which should be expected considering the setting. Yet Jen's classic style is embedded into every word.

When Margo has had enough of the drama revolving around her life, she runs off on her own. I don't blame her for just wanting room to breathe and think clearly for 5 minutes. It was fun to see how God's hand guided her to where she needed to be. God used the circumstances for His glory. And I can't help but be reminded how often the ideas that we have for our life, the paths we decide to walk down (or are dragged down kicking and screaming), God can take and use for His purpose, no matter how far away from home we get.

There is plenty of humour and mystery to be found while sprinkled with romance. Finding Margo is less about finding where Margo has run off too, and more about finding who she is. I am looking forward to seeing Jen's talent grow in this new genre.

I received a free copy of Finding Margo through NetGalley and from the publishers, Gilead Publishing. I was not required to write a positive review. All opinions expressed are mine alone.
