Guys, I have been searching awhile for a book like this one. While I like my leading ladies flawed and imperfect, I needed a slight change from these women who are barely hanging on by a thread and the only place they keep it together is on the clock. Don't get me wrong, I think that storyline works well, but it can't be the only type of character we follow or things get old and we get oh-so-tired of the same old. This book was quite refreshing in the sense that our main character is pretty well polished and put together. Sure she has plenty of issues and struggles, but they seem fairly normal and she is depicted as working through them. Kay Hunter is a strong female, no doubt, yet she isn't just strong around the boys while doing her job. She's got a stable, relatively comfortable life with a romantic relationship and things to do outside of work. This is a whole new side to a female police officer that we rarely see and I like it.

This book was brutal. That's not meant as a criticism, just a fair warning that it is graphic, intense, and hard to stomach at times. If you are looking for a fluffy murder mystery with coffee and cats, this ain't it. If you, like me, enjoy gritty, suspenseful and disturbing stories, jump on board; this one's for you. Without giving away too much regarding the plot, it felt like the book fell into sections for me as I went back in my mind to gloss over what I'd read. There was the part regarding the first abduction/murder, then there was the next part regarding the murdered man, and then there was the second girl abduction part, and so on... I really liked the distinct feeling of separation between sections as it gave a more realistic, organized view of many different working parts that come together in an investigation. The format and writing quality are fantastic and I didn't feel lost at any given point.

If you have triggers regarding abuse, this might be a tough read for you. There is quite a bit of graphic descriptions, but nothing a typical murder/thriller reader can't stomach. The violence and gore isn't just for shock value and is vital to the story, so just know that going in. The author did a great job of writing about some really tough subjects in a tasteful and respectful way. I thought the cover art was brilliant in capturing the feel of the book. If you are a fan of the more graphic, intense,

gritty thriller, I'd highly recommend giving this one a try. I'm truly looking forward to where the author takes us next in Detective Kay Hunter's adventures.

Scared to Death is the first book in the Detective Kay Hunter series. The story pulled me in from the very beginning. The suspense is gripping and each scene is vividly described making the events spine-chillingly real.

DS Kay Hunter is dedicated. She doesn't dwell on the problems in her life and the backstory tells us she has plenty of personal problems she could be dwelling on.

It's a nice change to have a detective that's not a divorced alcoholic. The reader is not heaped with Hunter's personal

Scared to Death is the first book in the Detective Kay Hunter series. The story pulled me in from the very beginning. The suspense is gripping and each scene is vividly described making the events spine-chillingly real.

DS Kay Hunter is dedicated. She doesn't dwell on the problems in her life and the backstory tells us she has plenty of personal problems she could be dwelling on.

It's a nice change to have a detective that's not a divorced alcoholic. The reader is not heaped with Hunter's personal life. We are just given a few snippets here and there to let you know a bit about her, she was bullied at school, gets annoyed by her mother and sister and has a loving supportive partner. The story focuses mainly on the case at hand.

The pace is fast. The chapters are short and precise which makes this book an easy, quick read but not easy to read as there are quite a few skin crawling adrenaline pumping moments.

The killer has a troubled background but the reader is never urged to feel sorry for him. The victims are kept slightly detached although they are not completely innocent themselves.

If you enjoy adrenaline pumping action and suspense I highly recommend "Scared to Death."

I was provided with an ERC from the author to read and review.

Brenda

The terror that Yvonne and Tony were feeling as they raced to save their daughter was immense when Detective Kay Hunter arrived on the scene she was horrified at what the police had found. And so began a case as brutal as any the detectives had encountered in a long time. The kidnapping of seventeen year old Melanie was shocking; the police initially thought the kidnapper had made a mistake. But Kay wasn't convinced; the anomalies in the case struck her and her team and they were determined to

The terror that Yvonne and Tony were feeling as they raced to save their daughter was immense when Detective Kay Hunter arrived on the scene she was horrified at what the police had found. And so began a case as brutal as any the detectives had encountered in a long time. The kidnapping of seventeen year old Melanie was shocking; the police initially thought the kidnapper had made a mistake. But Kay wasn't convinced; the anomalies in the case struck her and her team and they were determined to find the perpetrator.

With another death seemingly connected to the kidnapping, the frustration of the team at not being able to find enough evidence was high. And Kay felt like her superior was against her every step of the way. But then a second teenager vanished was it the work of the same crazy psychotic killer? They had to find the missing girl before she too became a statistic? What would it take? The clock was ticking and they all knew it.

Wow! Aussie author Rachel Amphlett has done it again!

is the beginning of a new series for the author and I can't wait to read more about Detective Kay Hunter. Twists, turns, action all combined with a fast pace and a gritty plot. I thoroughly enjoyed this mystery/thriller and have no hesitation in recommending it highly.

With thanks to the author for this copy to read in exchange for my honest review.

Dave

SYNOPSIS

A serial killer murdering for kicks. A detective seeking revenge.

When the body of a snatched schoolgirl is found in an abandoned biosciences building, the case is first treated as a kidnapping gone wrong.

But Detective Kay Hunter isn't convinced, especially when a man is found dead with the ransom money still in his possession.

When a second schoolgirl is taken, Kay's worst fears are realised.

With her career in jeopardy and desperate to conceal a disturbing secret, Kay's hunt for the killer

I've been dying to read a book by this author for a while now after seeing many positive reviews. I decided to wade in with the first in a new crime series featuring Kay Hunter and I was not disappointed. If I have a checklist of things I enjoy in a book then Rachel Amphlett managed to tap into it. Scared to Death started with a bang and inserted me into the story from the first page. The fast pace of the story kept me glued to the story of Melanie's kidnapping. I am a fan of short chapters and

I've been dying to read a book by this author for a while now after seeing many positive reviews. I decided to wade in with the first in a new crime series featuring Kay Hunter and I was not disappointed. If I have a checklist of things I enjoy in a book then Rachel Amphlett managed to tap into it. Scared to Death started with a bang and inserted me into the story from the first page. The fast pace of the story kept me glued to the story of Melanie's kidnapping. I am a fan of short chapters and snappy, well-written, realistic dialogue - another tick for Ms Amphlett. And anyone who knows me will know that I am a sucker for a really cool, focussed and interesting main character. Kay Hunter is intelligent and realistic and very easy to get behind. I liked that there are hints of a

back story but this does not overshadow the plot which moves along at breakneck speed with twists and turns. The ending left me positively exhausted. I found the Eli chapters actually raised goosebumps from my skin and I am definitely looking forward to the next instalment of Kay Hunter's journey.
