Jessica's Totally Over The Top Book Obsession

More Than Friends was a pretty good read for me. For all my friends that are always asking for clean romance recommendations this book is clean. This book was a sweet lighthearted holiday read. Owen was a cute geek, that loved order, peacefulness, and neatness. Gabby was this fun loving, messy artist. They had this adorable friendship that was clearly more. I love the friends to lovers trope. I really enjoyed Owen figuring out his feelings for Gabby. For someone so sm

More Than Friends was a pretty good read for me. For all my friends that are always asking for clean romance recommendations this book is clean. This book was a sweet lighthearted holiday read. Owen was a cute geek, that loved order, peacefulness, and neatness. Gabby was this fun loving, messy artist. They had this adorable friendship that was clearly more. I love the friends to lovers trope. I really enjoyed Owen figuring out his feelings for Gabby. For someone so smart he was a little slow on the draw lol. I liked Owen's family and I really liked Wyatt the grumpy neighbor who didn't say much but really intrigued me. If you are looking for a fun, quick Christmas romance I would recommend this book to you. Especially if you love friends to lovers stories.

Beth

Just in time to ring in the holidays with heart, family and friendship,

was a cute and endearing contemporary romance that will put a smile on your face and a warm

glow in your soul.

Owen and Gabby are best friends and co-residents in an apartment complex. When Owen lies to his family about spending Christmas with his new girlfriend to avoid spending it with them, they ALL show up at his house for the holidays. Owen begs Gabby to act as his suido girlfriend until they leave but

Just in time to ring in the holidays with heart, family and friendship,

was a cute and endearing contemporary romance that will put a smile on your face and a warm glow in your soul.

Owen and Gabby are best friends and co-residents in an apartment complex. When Owen lies to his family about spending Christmas with his new girlfriend to avoid spending it with them, they ALL show up at his house for the holidays. Owen begs Gabby to act as his suido girlfriend until they leave but his family is completely smitten with Gabby and Gabby with them. Worse, Gabby has been ½ in love with Owen but she fears she'll lose her heart forever if she gets to play his girlfriend for the holidays.

is an absolutely heartwarming, easy and entertaining romance.

I received this ARC copy of

from Entangled Publishing, LLC - Bliss in exchange for a honest review. This book is set for publication December 5, 2016.

My Rating: 4 stars

is the first in Jody Holford's

series and, as far as firsts go, it held just enough enjoyment for me to see the story through.

Best friends-to-lovers is a trope I'm fond of, but as we all know it's one that is done an awful lot, as is the fauxmance, so for me the couple in question and their story need to bring something fresh to the table. Unfortunately Owen and Gabby generally f

Best friends-to-lovers is a trope I'm fond of, but as we all know it's one that is done an awful lot, as is the fauxmance, so for me the couple in question and their story need to bring something fresh to the table. Unfortunately Owen and Gabby generally failed on that score and despite the fact that they're endearing and have a nice chemistry, I found their story weighted on the predictable side, steadily paced and with an element thrown in to the mix in that fizzled out like a firework dropped in a bucket of water, seemingly serving no purpose other than in providing some drama to what was sadly a pretty dull storyline (and possibly to set something up for a secondary character or two down the line.)

Owen's family were what saved this story for me; they brought the enjoyment factor that kept me going and reminded me of the family from

which is one of my favourite films, so that was very much a positive. And whilst the emotion came thick and fast in the last 20% and I suddenly went from being non-plussed to having a tiny lump in my throat, it was unfortunately that bit too late for me to rate this any higher.

3 -

Stars.

Jody Holford, begins her new

series with a romance built between best-friends, that initially starts out as a complete ruse.

This isn't the first book I have read by this author, and although the elements that I found enjoyable from my previous read from here were present, in relation to characters, story-line and writing style, I found the balance a little off with Owen and Gabby's story in respect to the amount of page time they were given

This isn't the first book I have read by this author, and although the elements that I found enjoyable from my previous read from here were present, in relation to characters, story-line and writing style, I found the balance a little off with Owen and Gabby's story in respect to the amount of page time they were given versus all the secondary characters and their, what sometimes seemed overly descriptive back stories and character development.

First thing: THE COVER. This is the second book in a row I've read where either the hero or the heroine wears glasses and the cover models aren't wearing them. In this case, it's the hero. Also, he shouldn't have that fugly beard. This guy is a sweet hero, and a little bit of a nerd, and I'm not getting any of that from the lumberjack on the cover.

Moving swiftly on!

Entangled Publishing's various category romance lines are showing consistent quality, and more modern thinking than, well, Harlequin

Moving swiftly on!

Entangled Publishing's various category romance lines are showing consistent quality, and more modern thinking than, well, Harlequin should watch out. I'm liking that these books coming from another publisher are very contemporary-feeling, even those like this one that are on the "sweet" end of the scale.

I HATE the "pretend relationship" trope, so was surprised to enjoy this one so much.

One of my absolute favourite things about this book is that it's set in a city: Boston. It was a pleasant surprise because I assumed from looking at the cover it was going to be another small town thing set in a vague Midwestern/Southern region of the United States.

This is another thing Entangled's category line does right.

My other favourite thing was the characters themselves. These were modern, well-rounded, NICE people who lived believable lives and had a strong bond. This is a friends-to-lovers story, which makes the speed of the relationship believable, and also shows us some proper interactions. No

brooding and melodrama here.
