Christy

So this is book number 9 in Toni's Assassins series. If you're like me and you've read the first 8 (along with the 3 Bellevue Bullies books that tie in) you're probably a super fan, love sports romance, and realize that Toni really does write the best hockey books. The Assassins are my favorite team, anyways. And if you've kept up with the series, you know this team is more than a team. They're a family. I love that bond. That connection all these players and their families share. Every

So this is book number 9 in Toni's Assassins series. If you're like me and you've read the first 8 (along with the 3 Bellevue Bullies books that tie in) you're probably a super fan, love sports romance, and realize that Toni really does write the best hockey books. The Assassins are my favorite team, anyways. And if you've kept up with the series, you know this team is more than a team. They're a family. I love that bond. That connection all these players and their families share. Every time I read one of these books it feels like coming home to me. But enough about that, lets get to the book at hand,

. Markus and Mekena's story.

Markus and Mekena's story is a second chance romance. The two dated in college and were very much in love. Something horrible happened that tore them apart and they haven't seen each other in 2 years. That's where we are at the start of this story. Markus is focused on his NHL career. As much as he misses and thinks of Mekena, he's pretty sure he missed his shot and he has to stay focused on what he can control. Getting signed with his dream team, The Assassins.

When a wedding brings Markus and Mekena back together, he changes his tune. Markus has to get down to the bottom of what happened between the two of them, and try to win his girl back. The problem: Mekena hates his guts. She really loves him, but hating someone who hurt you so deep is easier. So she focuses on the hate.

Markus is resilient. And he's a fantastic hero. Is he perfect, no. But he's also been hurt in a big way and my heart hurt for him. I felt for him. I wanted Mekena to give him that chance so badly and for them to work it out. Mekena is a stubborn one. Much like most of Toni's heroines, she's tough but also soft. She has a good heart, and even though it was broken, she's a forgiving and loving person deep down. I rooted for this couple to heal together and make it work. I really did love them both.

Markus and Mekena's story is complicated. It's not what it seems and not what you think. This is a story of love, forgiveness, family and second chances. This book gave me so many feels. I felt so much for these characters. I cried, I laughed, and I loved. The Assassins are one of those

groups that Aleo could write dozens and dozens of books about and I would never stop reading. If you haven't read this series you're really missing out! And although I feel like this could easily be read as a stand-alone, you'll get so much more out of it if you read the series in full!

This story was not really what I expected at all and I will do my best to give you what you need to possibly give yourself the opportunity to experience the it without giving too much away. First of all, let me say that things are not always what they seem. I started off the story being righteously pissed off at Markus for his past actions right along with Mekena. The prose was particularly powerful in the expression of her anger. After the truth is revealed, my feelings definitely changed to a

This story was not really what I expected at all and I will do my best to give you what you need to possibly give yourself the opportunity to experience the it without giving too much away. First of all, let me say that things are not always what they seem. I started off the story being righteously pissed off at Markus for his past actions right along with Mekena. The prose was particularly powerful in the expression of her anger. After the truth is revealed, my feelings definitely changed to a myriad of emotions that ranged from rage to sadness but not in the same context. It's sad that sometimes family members are who make your life the hardest. Mekena and Markus had a lot of healing to do in order to be in a healthy relationship independently and as a couple. Their journey was interesting. I laughed. I cried. I felt. Needless to say, the characters were dynamic, complex, and flawed. The plot deals with some very sensitive issues in a powerful way. I was impressed by how they were handled. All in all a strong showing by the author. Safety: There is a perception of cheating that gets clarified. If this is a big thing for you and you need more details, I'm willing to provide more info through PM. There is rape. There is emotional abuse.

ARC received in exchange for an honest review.

When you think hockey romance, automatically Toni Aleo comes to mind and so if you combine hockey and a second chance storyline then you know this book will score major points with me! With her staple of knowing what moves to make, character developments and banter, I definitely I knew would be one entertaining read!

is one of those reads that can be read as a standalone so if you haven't been following the series, it's no big deal because Toni Aleo did a great job in providing all the right information readers needed to know of secondary key characters.

Markus Reeves is a hockey player who had big dreams of making it to the pros and when he thought he had his shot, he sucked big time. For quite some time, he did his time in the minor league and when his shot to finally get called up to join the majors, he knew he had to change his attitude and the way he plays the game. But what Markus never expected was to face the biggest face-off of his life, his former girlfriend, Mekena Preston.

Mekena Preston knows heartbreak and pain. Hell, she firsthand saw it when Markus and the person she should be able to trust broke her faith. And so when Mekena's career is about to take off, she is presented with one hurdle, Markus. As Mekena is the photographer to Markus's friends wedding, they are forced to interact and see each other on a daily basis due to the wedding events. But what happens when the truth of what really happened that fateful night comes into play, will Markus and Mekena be facing off in the altar or will they be walking hand in hand? So can two strong willed and stubborn individuals discover that their second chance at love, forgiveness and life is this moment in time?

If you are a fan of second chance romance with a side of angst, drama, banter, and friendship then might be the book for you. Toni Aleo did a great job in capturing the different ranges of emotions as she allowed readers to feel for her characters from disappointment, regret, love, heartbreak, and of course a sense of hope. So if you are ready for one love story that will have you have eager for two old lovers to face off and discover second chances do exist then this book is for you.

Face-Off at the Altar is a book 9 in the Assassins series, but you can read it as a standalone.

I haven't read all the books in the series, but it was quite easy to collect all the pieces of the story.

This is a second chance romance and forgiveness, so all you out there who appreciate some good old do overs, you will love it!

So, with that beeing said, I really enjoyed this book.

I loved the writing, the plot, the characters and their interaction.

Marcus's and Meke

3 Markus and Mekena Stars

Hmmm. I really wasn't sure about this book at times. This is just my opinion, so please bear that in mind , but for me this story wasn't one of the better novels in the series.

First off, I want to make it clear that I am a huge fan of the Assassins / Bellevue Bullies Series' and Toni Aleo was one of two authors who got me hooked on ice hockey heroes. I love most of these characters and it is always with great expectations that I start a Toni Aleo book. So, what didn't q

Hmmm. I really wasn't sure about this book at times. This is just my opinion, so please bear that in mind , but for me this story wasn't one of the better novels in the series.

First off, I want to make it clear that I am a huge fan of the Assassins / Bellevue Bullies Series' and

Toni Aleo was one of two authors who got me hooked on ice hockey heroes. I love most of these characters and it is always with great expectations that I start a Toni Aleo book. So, what didn't quite work this time? I felt it was a bit too long and for the first half of the book it felt like I was reading about Benji and Lucy's wedding rather than Markus and Makena's second chance. Speaking of Lucy...

SPOILER ALERT***** WTH??? At the rehearsal dinner Autumn (Lucy's Mum) lets slip that Lucy and Markus had sex once. Really??? Maybe I missed that somewhere before but I do not remember that being mentioned before , like AT ALL. And I hated that it came out in this book , let alone at the dinner. Benji had no clue, Makena had no clue, the Sinclair boys didn't know and neither did I!! And Markus and Lucy were really smug about it, which irritated me even more. I have always been unsure of Lucy and she has been one of the characters I have struggled with so maybe that increased my issue with this plot twist. Ugh. Just ugh. And then, Markus makes several references to how gorgeous and hot Lucy is and how he loves her...as a sister. Now, to be clear, Markus is completely hung up on Makena and it is very obvious that he adores her but the historic Lucy debacle made me uncomfortable and I felt there was no need for it. It had apparently happened years and years ago but still...no. And I was really mad at Autumn for being so crass and bringing it up.

What did I like?

Ms Aleo has tackled two really hard subjects in this book and she has done it incredibly well. Sexual assault and drug addiction are explored and it is done with sensitivity and care.

Also, I liked watching the characters of both Makena and Markus develop. I started out wondering how on earth Markus's character was going to come out of this story well but I ended up liking him, despite the whole Lucy blip. It was great to catch up with past characters, several of whom are pivotal to this story and I am really looking forward to reading about Vaughn and Brie in the next book.
