## What people Say:

### Lydia Wednesday

I've read all of Shanna Swendson's Enchanted Inc. series, and while it is out of my normal reading habits, I really enjoy her work. The series is urban fantasy with a dash of romance (not the bodice ripper kind). The relationship Katie has with Owen is healthy. They are communicative and are conscientious of each other's feelings. It took a bit to get there, but it felt real and organic even if it involved evil sorcerers and being kidnapped by fairies. It's a nicer take on the usually dark urban

I've read all of Shanna Swendson's Enchanted Inc. series, and while it is out of my normal reading habits, I really enjoy her work. The series is urban fantasy with a dash of romance (not the bodice ripper kind). The relationship Katie has with Owen is healthy. They are communicative and are conscientious of each other's feelings. It took a bit to get there, but it felt real and organic even if it involved evil sorcerers and being kidnapped by fairies. It's a nicer take on the usually dark urban fantasy genre. I applaud Swendson for mixing the two genres so well and without falling into any normal tropes. Katie has agency, her normalcy is seen as a strength, and her friends and family are supportive of her decisions. This book even passes the Bechdel test. Pretty rad for a book that is thrown into the romance category. The plots are a little silly, but in the end, everything else about these books outweigh the goofiness.

It today's social climate, a fun and refreshing urban fantasy to escape into is exactly what we need. Frog's and Kisses and Katie are here to the rescue.

### Bethany Averie

Once again, author Shanna Swendson takes readers on a delightfully magical adventure, through the sweet and cute couple, Katie Chandler and Owen Palmer.

Things look good for the happy couple, ready to plan their wedding and have their happily-ever-after. But unfortunately, instead of wedding bells, warning bells will ring instead. When Sylvia Meredith is on the run, and then up and disappears, things take a turn for the weird and Katie finds herself going undercover to find out what's going on with

Once again, author Shanna Swendson takes readers on a delightfully magical adventure, through the sweet and cute couple, Katie Chandler and Owen Palmer.

Things look good for the happy couple, ready to plan their wedding and have their happily-ever-after. But unfortunately, instead of wedding bells, warning bells will ring instead. When Sylvia Meredith is on the run, and then up and disappears, things take a turn for the weird and Katie finds herself going undercover to find out what's going on with MSI's rival.

Everything is even stranger than Katie thought. Not to mention her boss at the rival company is a bit too ambitious.

Worse still, Owen disappears.

Can the good guys prevail? Can Katie find Owen again?

Pucker up those lips, coat on the chapstick and/or lipstick, it's time to kiss a few frogs and foil another evil plot...hopefully before things get worse...and more froggy.

## **Roo Barb**

read this in book form when it first came out, now via audible. I love it, wasn't expecting the twists and turns of this latest edition to the Enchanted Inc series. I was worried that this 8th book might be stretching things a bit far but I shouldn't have worried. It's a delight and the perfect addition.

## **Shari E. Cline**

The author has a great imagination in creating this world. Love the characters and the plots. I hope there are more books coming soon.

## **Nic**

A silly but totally enjoyable series. Just the sort of thing I need when I'm rushed off my feet at work
