Everyone's free to say what they wish on a public forum. But I am also free to moderate what goes on in

space. I've never deleted/moderated comments before, as that goes against my beliefs on free and public discourse, but any future offensive or judgemental/critical-of-people-instead-of-the-book comments will be ignored and deleted.

This is a review of a book, not a fact sheet. Just because I think this book is stupid, does not mean I think people who

it are stupid. No need to be defensive/insulted over it.

Edit, because I am fucking sick of people coming up to the comments section, especially without reading through the previous pages of comments, and stomp in, guns blazing with accusations of racism and slutshaming.

I also made a comic review of the thing

! But I'll also post it here for your reading pleasure. Warning: a lot of Dimitri shots.

I'm not sure I can endure the movie now.

~End rant~

I've been a fan of Richelle Mead since I started her Game of X series, bu

So many people talk about Twilight and miss this super great book.....

I liked Twilight, but I had a hard time dealing with Bella. I thought she was just too...girly for some having with vampires. I wanted someone that could stand with them in a fight and not cower behind....Enter Rose. She is the bodyguard to Lissa, a vampire princess that must attend school and keep out of the clutches of the dark side. Rose is aggressive and hard headed, sometimes risking Lissa while trying to prove she is st

So many people talk about Twilight and miss this super great book.....

I liked Twilight, but I had a hard time dealing with Bella. I thought she was just too...girly for some having with vampires. I wanted someone that could stand with them in a fight and not cower behind....Enter Rose. She is the bodyguard to Lissa, a vampire princess that must attend school and keep out of the clutches of the dark side. Rose is aggressive and hard headed, sometimes risking Lissa while trying to prove she is strong, but all the while terrified to let anyone else in.

To make her stronger, her elders bring in the hot and ever so delicious Dimitri and with fists and kicks a flying, Rose's world gets a might more interesting.

This is one killer book for anyone who loves Vampires and is looking for a good young adult book. I strongly urge anyone, not just teens to pick it up because once you start it, you won't put it down or the second and third. LOL!!

So get past Edward and Bella, not that I don't love them, and sink your teeth into Rose and Lissa's often dangerous lives.

Hailey (HaileyInBookland)

*2017 lowered rating to 2 stars because realistically 3 was generous

Stacia (the 2010 club)

I gave this book 3 stars on my first read. I raised my rating after reading and liking it more on my second read.

Addition : Why I think you should read VA

I was a stubborn brat when it came to reading Vampire Academy. Part of me honestly thought that a vampire series couldn't impress me after experiencing how oversaturated the genre had become with depressing and lackluster characters and stories.

Because of this, I went into my first read of VA

Addition : Why I think you should read VA

I was a stubborn brat when it came to reading Vampire Academy. Part of me honestly thought that a vampire series couldn't impress me after experiencing how oversaturated the genre had become with depressing and lackluster characters and stories.

Because of this, I went into my first read of VA begrudgingly and with a bad attitude. It didn't make any sense to me why

many people were rabid fans of this series. I think I pre-programmed myself to want to hate the books.

So I read the first book and ended up liking it. But I still didn't see what the big deal was. My review reflected the attitude that it was an easy read and somewhat entertaining - but what was the big deal?
