A few dear Goodreads-friends pressured me into reading this and I must say: I'm pleasantly surprised (3,5 stars).

An interesting and unpredictable plot? Not really. Cliché? Very. Romance and sex? At times the romance was almost sappy and the sex was good but I actually had expected it to be hotter (it's quality people, not quantity!).

But despite all of the above: I understand the attraction of the books! I liked this book. I might even be on the verge of loving this book. And I really liked Wrath. And I liked the rest of the boys. And I'm fascinated by Zsadist. And I want to read his book (#3). Fast. So I'm buying book #2 (about Rhage) while I'm at it. And I heard book #4 is about Butch. And I want to read that too.

Did I get addicted? Maybe. But I think I might know why.

It's because the Brothers are a girl's fantasy come true. Cause doesn't every girl grow up fantasizing about a guy who is tough and cool but has a soft spot for you? Everybody's scared of him, except for you. Because he loves you. A lot. And no one else. Snapping somebody's neck while he's buying you flowers. *sigh* Meet the Black Dagger Brotherhood.

Loederkoningin

You have got to be kidding me.

What author names her main characters, the members of the incredibly dark and dangerous black dagger brotherhood of vampire warriors....*inhales*

...Wrath, Tohrment, Vishous, Rhage, Phury and Zsadist?

And as if that isn't hilarious enough, Ward just doesn't get enough of superlatives to describe how extremely dangerous her vampires - a bunch of interchangeable Conans the Barbarian - actually are. Allow me to quote:

You know, I was har-har-harring in both amusement and disbelief when I read that..well..nonsense. BUT when you consider that Rhage is just one of the 6 brothers and there are actually 5 more Chippendales in line, waiting to be introduced in painful flowery language as well, let's just say I wasn't laughing anymore. Realization hit me; I actually paid 11 euro's for this trash, which was exactly what I paid for

as well. And there you have it; there is no justice in this world.

: Create a Sue

This is a female lead that can either be a Mary Sue, a Jerk Sue or a Sympathetic Sue. Just an FYI, most writers go with a Mary, as the ideal of women remaining virgins until they find "The One" is allegedly still vastly appealing to the masses. I suggest creating a heroine that's never even been

to a man before. It makes it seem more like it's fate when she meets the male lead and less like you're trying to shove antiquated bel

This is a female lead that can either be a Mary Sue, a Jerk Sue or a Sympathetic Sue. Just an FYI, most writers go with a Mary, as the ideal of women remaining virgins until they find "The One" is allegedly still vastly appealing to the masses. I suggest creating a heroine that's never even been

to a man before. It makes it seem more like it's fate when she meets the male lead and less like you're trying to shove antiquated beliefs down your reader's throats.

: Create a Ragebeast

Your male lead should be over six feet tall, have dark hair, tattoos and so much testosterone-inflated muscle that he has to walk through doors sideways. The less he talks, the better. In every scene that you're tempted to give him dialogue, instead make him brood over something. You're going for caveman here, modern women don't want a partner that can communicate feelings or sympathize with emotions. We just want someone who can bench press twice our body weight.

If you really want to make us swoon, make him a prince too, or an uber-alpha, or a frigging

. That will fulfill the Princess Fantasy that half of us are infected with thanks to those assholes over at Disney.

Blacky *Romance Addict*

The Black Dagger Brotherhood is the only force between vampires and the evil lessers. They are here to protect the vampire race, and lead them.

Wrath is the only pure vampire left, he is their King, although he doesn't want to assume the role.

After one of his closest friends gets killed by the evil enemy, Wrath decides to honor his friend's request, and protect his daughter, Beth.

Beth doesn't know who her parents are, or that she is part vampire, but after a scary huge guy enters her apartment, her life completely changes. She is drawn to him sexually (how could she not be), and doesn't know what to believe when one of her cop friends accuses him of being a murderer.

Wrath wants Beth, even though he doesn't want to, but he needs to protect her, and when her change hits, she will need his blood to up her chances of survival.

Will he be able to stay away from her? Will he be able to watch her mated with someone else without ripping his throat out? We'll see :DDD

- Excellent! There is a huge dictionary with everything explained in detail, so it REALLY helps, even though all of it is explained in the book as well, but my suggestion is to read it BEFORE you get to the book, you will understand everything a lot better :)

- Well this will be explained in the book gradually, but the most important thing you need to know is that they DON'T DRINK FROM HUMANS. They can eat food just like normal people, but need blood to survive and stay strong, and that blood has to be from a vampire.

They're BIG and BADASS, hmmm maybe HUGE and KICKASS would do better ahahhahahah, anyway, they don't do sunlight, and well, all the other tidbits you can find out for yourself :))))))

- This is VERY easy to read :) Well, at least for me :) I love the way they talk, and swear, and act. We get both MC POVs, even some from the supporting characters. Love that :DDD

Kat Kennedy

I originally wrote this review in a more innocent time. A time, if you can imagine, when I was a lot less cynical and a lot more likely to give books a break.

So I did the obligatory drool over the Black Dagger Brotherhood men whilst expressing frustration at the multiple POV's (SO MANY!). I complained about the content and nature of Wrath and Beth's relationship but let it slide because, hey it was just some light-hearted fun.

A couple of years ago I was at my mother's house when a large, terrify

I originally wrote this review in a more innocent time. A time, if you can imagine, when I was a lot less cynical and a lot more likely to give books a break.

So I did the obligatory drool over the Black Dagger Brotherhood men whilst expressing frustration at the multiple POV's (SO MANY!). I complained about the content and nature of Wrath and Beth's relationship but let it slide because, hey it was just some light-hearted fun.

A couple of years ago I was at my mother's house when a large, terrifying spider began its battle charge toward me with murderous intent gleaming in its eyes (witness accounts may vary...)

In case you are unaware, I have a deep and unabidding terror of anything with more than six legs.

The spider racing toward me looked something like this:

Because she loves me (presumably) and to put a stop to my earsplitting girly shrieks of "Kill it! Kill IIIIIIIITTT!" (less presumably) my mother whacked it triumphantly with a shoe.

It is at this point that hundreds of small, though equally malevolent spider spawn emerged from the crushed remains of their mother, all equally intent on destroying me one little piece at a time.
