Harry is getting his sass on. I love it.

OH MAN. THIS BOOK IS SO MY FAVORITE.

The phone conversation at the beginning between Ron and Uncle Vernon was PRICELESS. I wish so much that that scene had been in the movie.

I was so into reading this book that I failed to take notes, so I don't have many specifics to add except that I love how Crookshanks was basically Sirius's secret agent spy cat friend and I LOVE THAT.

Also, this book demonstrated some very REAL aspects of school. For example, Hermione took on too much work, and she gradually started to go crazy (and consequently distanced herself from her friends, became more moody, and then finally just bitch-slapped Malfoy). I also found Oliver Wood to be hilarious in this book for similar reasons: this was his last year at Hogwarts, and he wanted nothing more than to win the Quidditch Cup so he could have some sort of glory at Hogwarts, and he became so consumed by it (as I'm sure lots of people on sports teams do). The way he was so emotionally invested really cracked me up but also felt so real.

I last read this book when I was 14 years old, given that I'm almost 32 now, I have a whole new perspective on it. Despite the fact that I gave this book 5 stars previously, I have to admit that it didn't grow on me until this, my second read.

Confession time: I didn't like Remus or Sirius.

OK, OK, I'M SORRY! I've since changed my mind! Notice that I used the past tense.

I'm beginning to wonder if there will ever be a Defence Against The Dark Arts teacher who is just a teacher.
