it's time again for...

he's the Revenant Robin Hood, leader of a band of merry men whose purpose is to steal from the wicked, give to the needy, ransom the royalty, hang the bad guys, and maybe get laid some. Lord Beric comes equipped with a nifty super-power (courtesy of the Lord of Light, 'natch)... he gets to come back from the dead! unfortunately, his various hideous wounds get to come back with him. but

so what... all those scars (

it's time again for...

he's the Revenant Robin Hood, leader of a band of merry men whose purpose is to steal from the wicked, give to the needy, ransom the royalty, hang the bad guys, and maybe get laid some. Lord Beric comes equipped with a nifty super-power (courtesy of the Lord of Light, 'natch)... he gets to come back from the dead! unfortunately, his various hideous wounds get to come back with him. but so what... all those scars (and missing eye, and noose-blackened neck, and crushed-in head) only make him more manly. he's just the dreamiest!

so what if she's socially awkward, mulishly stubborn, and entirely unimaginative... this young miss may be the last remaining True Knight in the realm! she kicks some serious ass, is loyal to a fault, and she brings out the human in that Jaime Lannister. at one point she stops to take a break by burying some random dead people hanging from a tree. what a big heart she has, it's adorable. you go, girl!

ha, ha - you thought he was the villain! joke's on you, sucker/reader. this gifted songster is not only the leader of the Free Folk (and what's not to like about them? they believe in freedom, equality, and the pursuit of happiness - even their tendency to steal women is sorta charming)... he is a man who turned his back on the rigid class system and general stuck-upedness of Westeros society for the charms of anarchic wildlings. he's just trying to get all his people away from those infernal Others. goodbye, mysterious villain... hello, brave hero!

Jessi

First an update on the Direwolf situation

I still do not have one...sadface.

This series !!! What can I say I am loving it! I don't know if I was just sick of everything else or just needed the escape but I am soooooo enjoying.

The great thing is that I am on the third book and its not like I can't say which book I like better, which was weaker they are one long story that come in three(so far for me) packages.

Its not like Indiana Jones. Where we say" man I love Indiana Jones but... that second o

HAPPY SEASON 4 FINALE EVE, NERDIES!!!

success! i have managed to read this book without getting spoiled ahead of time!! so - ha! to you

nerds talking loudly in my sci-fi section about the plot!! i ran to the history wall and hummed loudly until they left. ha! to that jerk at BEA telling his colleagues every. single. thing. that happened in the third book while he stood behind me in that justin cronin line!! i made greg come back from his booth-browsing and hold our place (he has read all of these already), and i scooted over to the chronicle booth and peered around the corner, while greg stood in line wide-eyed and kept making "no, it is not safe yet" gestures and all i heard was the phrase

ha! to all you irresponsible but adorably enthusiastic teenage reviewers of these books with your spoilery status updates in my feed! i have scrolled through quickly quickly and managed to remain completely untainted.

and man, there would have been a lot to get spoiled, here.

and now it is my turn.

okay, so that was a tease, and i would never be that much of a jerk. but now i understand. i feel powerful, stuffed to the gills with knowledge. and i am so freaking amped for season three to begin, because i cannot wait to see some of these scenes played out.

but apart from that,i mean, this is the third book in a series. so what can i possibly say in a review?? it is difficult to talk about a "middle" book without spoilers, and the casual goodreader isn't going to read this "review", probably, because there has been so much content, so much context, that it would make no sense to someone who has never picked up a book in this series before. i was re-reading some of my third-book reviews, for books that aren't just a trilogy, and you can see the struggle...

how do you talk about something that is continuing, for people who have no idea what you are talking about?
