Just in time for the upcoming Super Bowl is Jaci Burton's smokin' hot new release,

. And what a

sports romance it is! Starting with the gorgeous cover...

(C'mon, how can you resist that cover model?)

Things just get better after that. The story has an almost Cinderella-like feel to it. Mick Riley (30) is
Mr. Tall (6 1/2 feet), Dark (black hair, blue-eyed) and Sexy (killer physique); a millionaire superstar
quarterback for the San Francisco Sabers. Mick's a hard working ath

Things just get better after that. The story has an almost Cinderella-like feel to it. Mick Riley (30) is Mr. Tall (6 1/2 feet), Dark (black hair, blue-eyed) and Sexy (killer physique); a millionaire superstar quarterback for the San Francisco Sabers. Mick's a hard working athlete, but has never had to work for female companionship. Women flock to him, starlets, supermodels...you name it. His female sports agent (a real obnoxious, beautiful, power-hungry redhead named Elizabeth) wants nothing more than to see Mick on a red carpet escorting the hottest actress, or at some charity event with a beautiful model on his arm. Anything to get him into the spotlight so he can make more money on endorsements. Of course these dates never amount to much for Mick...there's no connection beyond the easy sexual conquest, and Mick is getting a bit bored with them if he's honest with himself. One day after a hard off-season workout at the team's facility, he spots a pretty blonde with killer legs wandering around lost looking for the Sabers team offices. After a brief but friendly conversation where Mick directs her where to go, he realizes that the beautiful-in-a-natural-way blonde intrigues him. Enough that he would like to pursue her. And isn't that a first? Mick never has to pursue

Stacia (the 2010 club)

What an overrated book. Nothing about the story was new or interesting to me. The sex scenes were hot, but if you want to read a hot sex scene, it's just as easy to pick up an erotica, which I'd rather do to be honest.

The story aggravated me on so many levels. It felt like I had fallen into a manufactured after-school special on the dangers of alcohol. I have a teen son and I'm telling you now, he would never be caught dead saying this :

What an overrated book. Nothing about the story was new or interesting to me. The sex scenes were hot, but if you want to read a hot sex scene, it's just as easy to pick up an erotica, which I'd rather do to be honest.

The story aggravated me on so many levels. It felt like I had fallen into a manufactured after-school special on the dangers of alcohol. I have a teen son and I'm telling you now, he would never be caught dead saying this :

. It doesn't matter if those are/would be his motives for drinking, he would

say those words out loud, and I'm guessing most teenagers wouldn't either.

Also, since when is the "announcement" of someone admitting to be an alcoholic such an earth-shattering moment? I almost expected to hear the faint sounds of a

movie in the background. Now, if the guy had admitted he was a raging alcoholic who couldn't stop taking out his anger on people - that might have been another story. But to see a woman get so emotionally worked up because the guy she's dating admitted he partied too much in high school and now he chooses to abstain because he realized he was drinking way too much back then? Give me a

break.

Please let me disclaimer that I am not taking alcoholism lightly. I have experienced the downfalls of it first hand, as I'm sure many of us have through close friends and family members. This disease can wreck lives. Maybe because I know how much it can wreck lives, I was very disappointed in how ridiculous this particular version of alcoholism seemed like a silly plot device.

Julie James

This says it all: I have a ten week-old baby who wakes up every three hours, so sleep is a hot commodity right now. Yet I stayed up late to finish this book because I so wanted to see Mick and Tara get their happy ending. Loved the characters, particularly the hero, who is protective and alpha without being overbearing or angst-y. And it's quite a hot read!

Molly Harper

I will admit I bought this book because of the cover.
